SIA Mintos Finance No.40

(incorporated as a limited liability company and registered in the Republic of Latvia with registration number 40203406374 and LEI: 98450049AE0C07496Q36)

EUR 40 000 000 Note Programme

Under this Programme, the Issuer may from time to time issue Notes denominated in any currency as determined by the Issuer. The Notes will be distributed by way of a public offer.

Notice of the aggregate nominal amount of the Notes, interest (if any) payable in respect of the Notes, the issue price of the Notes and any other terms and conditions applicable to the Notes and not contained in this Base Prospectus will be set out in the applicable Final Terms.

Notes will be issued in registered form. The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 40 000 000 (or its equivalent in other currencies).

Any payment under the Notes is dependent on, and limited to, a pool of certain Loans.

This Base Prospectus has been approved as a base prospectus by the FCMC, as competent authority under the Prospectus Regulation. The FCMC has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. This approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the appropriateness and suitability of investing in the Notes. The public offer of the Notes is made only in Latvia under this Base Prospectus.

During the validity period of this Base Prospectus the Issuer plans to request that the FCMC provides competent authorities under the Prospectus Regulation in Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain and Sweden with a certificate of approval attesting that this Base Prospectus has been drawn up following the Prospectus Regulation. When such a certificate shall be obtained it will be permitted to make the public offer under this Base Prospectus in other Member States, and the Issuer shall ensure that Mintos provides information about it on the Platform. Such certificate, if and when received, should not be considered as an endorsement of the Issuer or the quality of the Notes.

This Base Prospectus will be valid for a period of up to 12 months after its approval by the FCMC. In the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, the Issuer will prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes. The obligation to prepare a supplement to this Base Prospectus or publish a new Base Prospectus in the event of any significant new factor, material mistake or inaccuracy will cease to apply upon the expiry of the validity period of this Base Prospectus.

The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed in the section entitled '2. RISK FACTORS' of this Base Prospectus.

Capitalised terms used in this Base Prospectus have the meaning given to them in the section entitled 'GLOSSARY' of this Base Prospectus.

1. GENERAL DESCRIPTION

○ What is Mintos?

Mintos established an online platform for investing in loans in 2015. Through the Platform, owned and operated by Mintos, Mintos provides investors with convenient means to invest in loans issued by various lending companies around the world. In May 2022 on the Platform investments in loans were started being offered via financial instruments called notes.

At the end of July 2022, Mintos has over 480,000 registered users, and Mintos is working with more than 64 lending companies from 31 countries, offering investment opportunities in 6 currencies.

Since Mintos was founded, investors through the Platform have invested more than EUR 8 billion.

Mintos is authorized as an investment firm by the FCMC. See the section entitled '6. Mintos' of this Base Prospectus for more information.

○ What are Notes?

Notes are financial instruments issued by the Issuer via Mintos to Investors, which allows Investors to invest in Loans issued by the SPV to the Lending Company, which such Loans are linked to Borrowers' Loans issued by the Lending Company to the Borrowers.

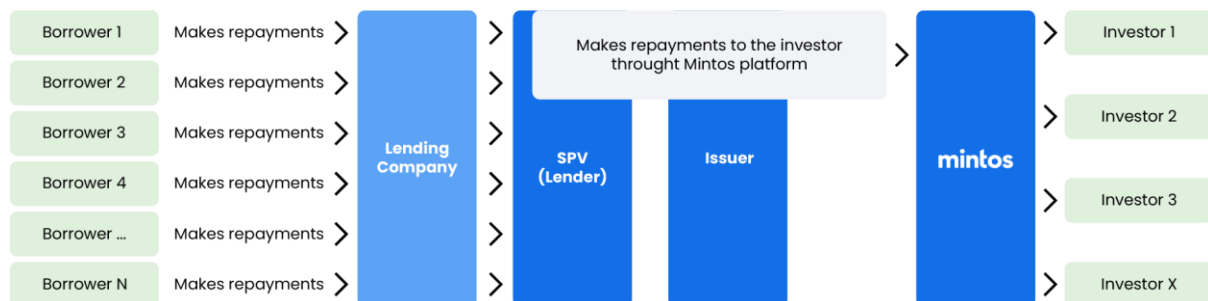

The Issuer is a special purpose legal entity established for the purpose of:

- purchasing Loan Receivables from the SPV;
- pooling those Loan Receivables for a particular Series of Notes; and
- issuing those Notes to Investors via Mintos.

See the sections entitled '5. THE ISSUER' and '8. THE LENDING COMPANY' of this Base Prospectus for more information.

○ *The flow of funds for repayment*

Each time a Borrower makes repayments to the Lending Company, the Lending Company makes repayments to the SPV and, upon receipt of repayments from the Lending Company, the SPV transfers the funds to the Issuer, which in turn makes repayments under the relevant Series of Notes to the relevant Investor via Mintos. The repayments are received into the relevant Investment Account.

This means that if the Borrower makes:

- the repayments to the Lending Company later than scheduled, the repayments to the Investor will also be correspondingly delayed; and

- no repayments at all and the Lending Company is not able to recover anything from the Borrower or repay the Loan from other means, no repayments will be received by the Investor.

Because the Loan is a loan that is issued to the Lending Company and not to the Borrower, the Lending Company is obliged to repay the Loan and pay interest and other ancillary payments with respect to it by the maturity date set forth in the Final Terms for the respective Loan or as extended according to this Base Prospectus and Final Terms, if extended, irrespective of the Borrower having or not having made payment under the Borrower’s Loan Agreement.

The Lending Company provides a Buyback Obligation for Loan Receivables, which means that if any repayment by the Borrower is delayed by more than 60 days, the Lending Company is obliged to repurchase the Loan Receivables together with any interest from the Issuer or to repay the Loan together with any interest to the SPV in full and then the SPV would transfer the received payments to the Issuer. In this situation, the Investor is exposed to the credit risk of the Lending Company. See section entitled ‘2. RISK FACTORS – RISKS SPECIFIC TO LOAN SERVICING – Insolvency of the Lending Company’.

- *The flow of funds for investment*

The Lending Company issues Loans to Borrowers, then requests disbursement of a loan from the SPV in an amount that is no more than 90% of the principal amount of each Borrower’s Loan, and then the SPV sells the relevant Loan Receivables to the Issuer. The Issuer issues a Series of Notes corresponding to these Loan Receivables to Investors via Mintos. When an Investor purchases any Note of the Series, the Investment Accounts are credited with the Note and debited with the purchase price of the Note. The purchase price is transferred to the SPV. After receipt of the purchase price the SPV makes the disbursement of the Loan to the Lending Company.

2. RISK FACTORS

The Issuer believes that the factors listed in this section of the Base Prospectus may affect its ability to fulfil its obligations under the Notes. All of these risk factors and events are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materialising, the potential significance of the risks or the scope of any potential negative impact to the Issuer's, the SPV's or the Lending Company's business, financial condition, results of operations and prospects. The Issuer, SPV and/or the Lending Company may face a number of these risks described below simultaneously. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Issuer believes that the factors described below represent the material risks inherent to investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes or the inability of the SPV to pay any amounts to the Issuer and/or the inability of the Lending Company to pay any amounts to the SPV may occur for other reasons and the statements below regarding the risks of investing in any Notes are not exhaustive. Other risks, events, facts or circumstances not included in this Base Prospectus, not presently known to the Issuer, or that the Issuer at the date of this Base Prospectus deems to be immaterial could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's, SPV's or the Lending Company's business, financial condition, results of operations and prospects. Prospective investors should carefully review the entire Base Prospectus and should form their own views before making an investment decision with respect to the Notes.

Before making an investment decision with respect to any Notes, prospective investors should consult their own lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

RISKS SPECIFIC TO THE UNDERLYING LOANS

1. The Borrowers may not make payments according to the agreed schedule or may default on their obligations altogether

The Notes are linked to the pool of underlying Loan Receivables, and the Loan Receivables are each linked to one Borrower's Loan which means that if any of the Borrowers of the linked Borrowers' Loans do not make a payment on time, given that the Borrower's Loan is the source of making payments by the Lending Company to the SPV under the SPV Loan Agreement, then the Noteholder has a risk not to receive a payment on time. For example, if a Borrower makes a repayment a week later than the agreed schedule, the Noteholder will also receive the repayment a week later.

The SPV may decide to offer additional compensation to the Noteholder in the form of interest income on delayed payments or penalty income that it receives from the Lending Company for its delay of making payments. A Borrower's Loan Agreement with the Borrower may contain a grace period, which is a period immediately after a scheduled payment date during which a late fee is waived provided that the obligation is satisfied during the grace period. If there is such a grace period for the Borrower's Loan, it will be applied in the same manner to the respective Loan. Interest income on delayed payments and penalty income would not be paid to the

Noteholder for the grace period.

The Loan Receivables come with the feature of Buyback Obligation which means that the Lending Company is obligated to repurchase the Loan Receivables if the Borrower has failed to pay more than 60 days after the scheduled repayment date. While this feature could reduce the potential loss for the Noteholder due to the Borrower failing to make repayments, the Buyback Obligation is only as strong as the company providing this obligation. If the Lending Company fails to honour its obligation, the Noteholder is still exposed to the risk of the underlying Borrower not making repayments.

While the probability of any Borrower missing repayments or defaulting depends on many factors, such as payment amount, the income of the Borrower, and repayment term, it is important to point out that these probabilities are never zero. Due to this, the Notes are only suitable investments for Investors who have the appropriate knowledge and experience and are in a financial situation that allows them to lose part or even all of the money invested in Notes.

Overall, a Borrower not making repayments in full or defaulting could be caused by a variety of factors, including, but not limited to:

- **The Borrower overestimates its ability to repay** - each Borrower should evaluate its current and future financial position itself and assess its ability to repay. For various reasons, the Borrower could overestimate its future cash flows and borrow more than it will be able to repay.
- **Limitations of initial risk scoring** - the Lending Company has developed its own method for scoring customer credit risk that relies on various information, which can be collected also from other parties than the Lending Company (e.g., credit rating agencies). There is a risk that the information could be wrong or outdated, or that the scoring method is not sufficient.
- **Unexpected events** - reasons why the Borrower could miss a repayment, include loss of employment, a delay in receiving expected income, unexpected costs, or even disability or death.
- **Macroeconomic factors** - the credit risk scoring of the Lending Company makes assumptions about the client's ability to repay during normal economic conditions. A sudden change in macroeconomic factors could significantly impact the Borrower's ability to make repayments.
- **Other liabilities** - the underlying Loans that are linked to the Note usually do not restrict the Borrower from incurring additional unsecured or secured debt. Additional debt may adversely affect the Borrower's creditworthiness and could result in financial distress, insolvency or bankruptcy of the Borrower.
- **Loan issued in a different currency than the Borrower's income** - in some cases, the Loan that has been issued to the Borrower is in a different currency than the currency in which the Borrower earns income. Significant changes in the exchange rates or a local currency devaluation could impact the Borrower's ability to make repayments.

2. The Lending Company for reasons other than Borrower failure to pay does not make payments as they become due or may default on its obligations altogether

The Loan Receivables come with the feature of a Buyback Obligation which means that the Lending Company is obligated to repurchase the Loan Receivables if the Borrower has failed to pay more than 60 days after the scheduled repayment date. While this feature could reduce the potential loss for the Noteholder due to the Borrower failing to make repayments, the Buyback Obligation is only as strong as the company providing this obligation. If the Lending Company fails to honour its obligation, the Noteholder is still exposed to the risk of the underlying Borrower not making repayments.

Also, the Lending Company has to meet the Repurchase obligation as may be required by the Transactional Documents and in such event the Lending Company is obliged to (i) repurchase the Loan Receivable from the Issuer or (ii) to repay to the SPV the respective Loan in full together with any Interest and Late Payment Interest accrued thereon.

While the probability of the Lending Company missing repayments or defaulting depends on many factors, such as payment amount, the revenues of the Lending Company, and the repayment term, it is important to point out that these probabilities are never zero.

Overall, a Lending Company not making repayments in full, or defaulting could be caused by a variety of factors, including, but not limited to:

- **Loss-making operations** - The Lending Company may experience losses due to various business events and factors, such as intense competition, higher than expected cost of client acquisition, high recovery costs, unexpected costs, reduction in the portfolio sizes, changes in local regulation with regards to new Borrowers' Loans and management errors.
- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters or pandemic, could significantly increase the non-performing Borrowers' Loans ratio.
- **Freezing, seizing or closing of the Lending Company's operational bank account** - The account that the Lending Company uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your client breaches, sanctions violations, state authorities' arbitrary actions, or insolvency of a bank or payments services provider. Inability to use the bank account could restrict the Lending Company's ability to collect Borrowers' repayments and transfer funds to Mintos, the SPV and/or the Issuer for an indefinite time, or even lead to insolvency or bankruptcy of the Lending Company.
- **Currency control restrictions or lack of corresponding banks chain** - The local government could introduce certain currency control restrictions, leading to a situation where the Lending Company is not able to make payments in foreign currency and/or to the beneficiary that is a foreign entity and/or to an account in a foreign financial institution. Alternatively, corresponding bank relations of a bank or payments services provider which maintains the Lending Company's operational accounts could be dramatically amended or terminated, eliminating the Lending Company's ability to make payments towards the Issuer, to the SPV and/or Mintos. This may negatively affect payments to the Issuer and thus further distributions to the Noteholder.
- **Changes in local regulation with regards to Borrower's Loans already issued** - A

legislative body of the country where the Lending Company operates could introduce a Borrowers' moratorium (a legally authorised period of delay in the performance of a legal obligation or the repayment of a debt) or even full or partial debt (including interest and penalties) release.

- **Foreign exchange positions mismatch** - Loans are issued and are being repaid in one currency, but Notes promise repayments to Noteholders in another currency, for example, a Loan has been issued to the Lending Company in Moldovan Leu, but the Investor invests in a Note denominated in euros. If such Loans make up a large amount of the total portfolio, and local currency devalues and the Lending Company has not properly hedged this risk, the Lending Company is subject to foreign exchange positions mismatch risk, leading to significant losses for the Lending Company and its inability to pay amounts due to the Issuer.
- **Other or sole funding sources** - Besides Mintos, the Lending Company may use other sources of funding, such as a bank credit line, corporate bonds issues, private equity or public shares offerings. In some situations, such as an economic downturn, it could be difficult for the Lending Company to attract funding from other sources to refinance the existing liabilities, thus leading to a liquidity crisis that could lead to the Lending Company having difficulties continuing operations. Furthermore, if the Lending Company uses the Platform as a major funding source and a significant number of investors decide to suddenly avoid investing in Notes corresponding to the Loans, the consequences can be the same.

3. The Lending Company may not be able to recover the full principal and interest owed by the Borrowers

While any recoveries from a Borrower are limited to the value of Borrower's assets (if any), some jurisdictions may, set a lower limit that creditors may claim from the Borrower or define a list of the estate which is not allowed to be alienated for recovery purposes, thus reducing the maximum amount that could be recovered from the Borrower.

The underlying Borrower's Loans that are linked to the Note do not restrict the Borrowers from incurring additional unsecured or secured debt. This means that if the Borrower's Loan is not secured by an asset and any funds from the Borrower are available for recovery, these funds could be allocated to various creditors, i.e., not only the Lending Company, but also other persons that the Borrower owes money to, such as local tax agency, state authorities, other lending companies and utility companies.

If the Borrower's Loan is secured by an asset, the proceeds from the sale of the asset would be allocated proportionally to the Noteholders of the same Series and all other creditors whose receivables are secured by that asset (unless another allocation order applies under applicable law). In addition, the pledged asset (e.g., car, property) might lose its value and could be sold for an amount that is less than the amount due to the Noteholder, or the asset could be stolen, hidden, alienated, missing or damaged. There is also a risk that any pledge securing the Borrower's obligations under the Borrower's Loan Agreement may become invalid or unenforceable due to a number of reasons, including, but not limited to, cases when legal relations arising from the loan documents are recategorised by the court of law, mistakes and omissions are made and/or due procedures are not followed when the pledge is formed. In that case, the obligations of the Borrower would become unsecured and the credit risk significantly increases.

There could also be the case, especially where the amount of the Borrower's Loan is low, that

the expected collection and recovery costs might be higher than the debt itself, which means the collection and recovery is not economically reasonable, thus it would not be pursued.

In addition, the Borrower's Loan Agreement may, for a variety of reasons, be challenged and thus the ability of the Lending Company to exercise its rights under the Borrower's Loan Agreement may be delayed or otherwise hindered for an undefined term. The reasons for challenging the Borrower's Loan Agreement could include errors in agreements, electronic form of agreement (while the legal form requirement might be met in principle by such electronic signature, its value as evidence in court proceedings in some jurisdictions could be less compared to an actual signature made by hand on a physical document), compliance with regulations, such as consumer protection laws, as well as borrower identify fraud cases.

Due to the reasons described above the Noteholder may experience delayed repayments or partial or full loss of the amount invested in Notes.

4. The Borrower may repay the Borrower's Loan early

A Borrower may repay all or a portion of the remaining principal amount at any time without penalty. This may happen, for example, in cases where the Borrower can acquire lower cost financing from other sources and wishes to refinance the Borrower's Loan. The Borrower's Loan Agreement might be also terminated or cancelled in advance by the Lending Company, triggering the early repayment of the amounts due by the Borrower without penalty. While the Noteholder may invest the repaid money elsewhere, the return on the investments could be lower than the initially planned return.

5. The Borrower may face difficulties to repay the Loan in advance

A Borrower may breach the Borrower's Loan Agreement, for example, the Borrower takes out additional loans without permission from the Lending Company or alienates the collateral, and the Lending Company can therefore require early Borrower's Loan repayment in full. A Borrower may lack necessary financial resources to make such advance payment, so this could lead to Borrower's debt restructuring or debt collection and result in the Noteholder experiencing delayed repayments or partial or full loss of invested amount under Notes.

6. Insolvency of the Lending Company

Insolvency, bankruptcy or other similar adverse events may significantly influence or even dismiss the ability of the Lending Company to repay the Loans, to meet its obligations under Transaction Documents, and among other things to execute the undertaken Buyback Obligation and Repurchase obligations. This means that if the Lending Company experiences significant problems, the Lending Company may not be able to make payments which would result in the Issuer would not being able to make payments to the Noteholders.

In case of insolvency, an administrator is usually bound to consider which past transactions of the insolvent company have to be contested and which sold assets or transferred funds have to be clawed back. There is a risk that the administrator of the Lending Company takes action to claw back to the Lending Company estate amounts paid to the Issuer, Mintos or the SPV. The Issuer, the SPV and/or Mintos would then have to take legal actions to protect their interests in the payments received that are clawed back, and argue against the position of the administrator in judicial proceedings, which could be long and costly, and no assurance could be made of its successful outcome.

Eventually, the Noteholder may experience delayed repayments or partial or full loss of invested

amount under Notes.

RISKS SPECIFIC TO BORROWERS' LOAN SERVICING

1. The Lending Company is not able to continue servicing of the Borrowers' Loans

Various factors can negatively impact the Lending Company's ability to provide servicing of the Borrowers' Loans, which in turn could lead to delayed repayments to the Noteholder or even partial or full loss of the invested amount. Some of the factors are:

- **Loss-making operations** - The Lending Company may experience losses due to various business events and factors, such as intense competition, higher than expected cost of client acquisition, high recovery costs, unexpected costs, reduction in the portfolio sizes, changes in local regulation with regards to new Borrower's Loans and management errors.
- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters or pandemic, could significantly increase the non-performing loans ratio.
- **Loss of the Lending Company's licence/ authorization, if such is required by the local regulation** - Provision of lending services require a company to receive special approval/ authorization. Licence/ authorization may be revoked or otherwise lost for a number of reasons. Loss of a licence/ authorization may negatively affect the Lending Company's ability to continue its operations and service the existing Loans
- **Freezing, seizing or closing of the Lending Company's operational bank account** - The account that the Lending Company uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your client breaches, sanctions violations, state authorities' arbitrary actions, or insolvency of a bank or payments services provider. Inability to use the bank account could restrict the Lending Company's ability to collect Borrowers' repayments and transfer funds under the SPV Loan Agreements for an indefinite time, or even lead to insolvency or bankruptcy of the Lending Company.
- **Currency control restrictions or lack of corresponding banks chain** - The local government could introduce certain currency control restrictions, leading to a situation where the Lending Company is not able to make payments in foreign currency and/or to the beneficiary that is a foreign entity and/or to an account in a foreign financial institution. Alternatively, corresponding bank relations of a bank or payments services provider which maintains the Lending Company's operational accounts could be dramatically amended or terminated, eliminating the Lending Company's ability to make payments under the SPV Loan Agreements. This may negatively affect payments to the Issuer and thus further distributions to the Noteholder.
- **Changes in local regulation with regards to Borrower's Loans already issued** - A legislative body of the country where the Lending Company operates could introduce a Borrowers' moratorium (a legally authorised period of delay in the performance of a legal obligation or the repayment of a debt) or even full or partial debt (including interest and penalties) release.
- **Foreign exchange positions mismatch** - Quite often Borrowers' Loans are issued and are being repaid in one currency, but Loans are issued by the SPV and have to be

repaid by the Lending Company and Notes promise repayments to Noteholders in another currency, for example, a Borrower's Loan has been issued to a Borrower in Moldovan Leu, but the Investor invests in a Note denominated in euros. If such Loans make up a large amount of the total portfolio, and local currency devalues and the Lending Company has not properly hedged this risk, the Lending Company is subject to foreign exchange positions mismatch risk, leading to significant losses for the Lending Company and its inability to pay amounts due under the SPV Loan Agreement.

- **Other or sole funding sources** - Besides Mintos, the Lending Company may use other sources of funding, such as a bank credit line, corporate bonds issues, private equity or public shares offerings. In some situations, such as an economic downturn, it could be difficult for the Lending Company to attract funding from other sources to refinance the existing liabilities, thus leading to a liquidity crisis that could lead to the Lending Company having difficulties continuing operations. Furthermore, if the Lending Company uses the Platform as a major funding source and a significant number of investors decide to suddenly avoid investing in Notes that are backed Loans linked to the Borrower's Loans, the consequences can be the same.

2. No Backup Servicer may be available for servicing the Borrower's Loans if the Lending Company is not able to continue Loan servicing

One of the key roles of the Lending Company with respect to the Notes is to provide servicing of the Borrowers' Loans according to standards agreed with Mintos, the SPV and the Issuer. There might be no backup servicer that could be appointed to take over the servicing from the Lending Company if needed. If there is an event of default or other circumstance that disrupts the due servicing of the Borrower's Loans and administration of the Borrowers' debts by the Lending Company and if at the time no backup solution for Borrower's Loan servicing exists, the timeline and volumes of repayments could be significantly impacted, leading to a partial or full loss of amounts invested in Notes.

3. The Lending Company may intentionally or unintentionally breach its contractual obligations

There is a risk that the Lending Company performs actions that are in violation of the Transaction Documents, including the risk of fraud against the SPV, Issuer and Mintos, resulting in the partial or full loss of amounts invested in Notes. Contractual breaches that may happen include, but are not limited to:

- **False or incomplete information about the Lending Company** - All information in this Base Prospectus about and/or related to the Lending Company has been provided and certified by the Lending Company as actual, true, and complete. Material errors or omission of such information could initially affect the decision of the Noteholder to invest in a particular Note and eventually result in a negative outcome of the investment.
- **False Borrower data** - The Lending Company provides Mintos with information about the Loan status, the Borrowers, repayment schedules, repayments, extensions of the underlying Borrowers' Loans or changes to the Borrowers' Loan Agreements. While Mintos regularly asks the Lending Company to provide scanned copies of the documents as evidence for randomly selected Borrowers' Loans, Mintos does not check or verify all Borrowers' Loans linked to the Loans backing the Notes. There is a risk that the Lending Company intentionally or unintentionally has provided wrong information to Mintos or fails to provide information to Mintos at all, and as a result, the

payments under the Notes could be impacted.

- **The Lending Company stops cooperation with Mintos** - The Lending Company could for some reason suddenly stop cooperating with Mintos. This could mean not honouring its obligations under the existing agreements, including the Transaction Documents and breach of their provisions. The Lending Company could stop making payments to the Issuer, which means the Issuer would not be able to make payments to the Noteholder. The Lending Company might also stop providing Mintos with the necessary information or providing the information with significant delays.

4. The Lending Company's IT systems may fail or may be breached

IT systems are a crucial part of all financial services companies and if they are impacted, that could affect the Lending Company's ability to provide financial services to its customers and exchange information with Mintos. This could also result in loss or distortion of significant information and databases that are crucial for sound cooperation between the Lending Company, the SPV, the Issuer and Mintos, including for Notes issue servicing and administration.

Since IT systems play such a crucial role in the Lending Company's operation, the Lending Company typically devotes a substantial amount of resources to ensure stable and uninterrupted performance of the IT systems. Neither the Issuer, nor the SPV or Mintos audits the Lending Company's IT systems thus cannot ensure their soundness.

RISKS SPECIFIC TO GUARANTEES AND PLEDGES WHEN THOSE ARE PROVIDED TO THE SPV (LENDER)

1. The Guarantor or pledgor may not honour its obligations

There might be a Guarantee agreement or pledge provided to secure the obligations of the Lending Company towards the SPV and/or the Issuer arising out of the Cooperation Agreement on Issuance of Loans and other Transaction Documents.

If there is a Guarantee Agreement, the Guarantor would be expected to pay the due amount if the Lending Company fails to pay when due. As there is a risk of any party not honouring its obligations under a contract, there is a risk that the Guarantor does not honour its obligations under the Guarantee Agreement. If this happens, the SPV and/or the Issuer or Mintos on their behalf may take legal action against the Guarantor. There is a risk that the enforcement of rights under the Guarantee Agreement does not result in recoveries for the SPV and/or the Issuer, and by extension for the Noteholder, in the anticipated amount, or that the recovery might be affected by lengthy and costly legal proceedings

If there is a pledge, the pledgor would be expected to allow the pledgee to enforce its pledge by taking over the object of the pledge or putting it up for sale. The procedure for enforcing the rights of the pledge is defined by law in the country of the pledge. There is a risk that the pledged assets might lose their value and could be sold for an amount that is less than the amount due under the Cooperation Agreement on Issuance of Loans or the asset could be stolen, hidden, alienated, missing or damaged. There is a risk, as with any pledge/security, that it is or becomes unenforceable or invalid (see 'The guarantee or pledge may become invalid or unenforceable' below).

2. The Guarantor or pledgor may default

The risk of default, for example, insolvency, is a risk that is present for any counterparty, the Guarantor or the pledgor included.

If the Guarantor defaults, the SPV and/or the Issuer cannot rely on receiving funds from the Guarantor even if the SPV and/or the Issuer or Mintos on their behalf decides to take legal action to recover due amounts from the Guarantor in or outside of the insolvency or bankruptcy proceedings. If the Guarantor defaults, the SPV might terminate cooperation with the Lending Company and request that the Lending Company repays the amount due under the Cooperation Agreement on Issuance of Loans.

If the pledgor defaults, as a general rule the pledge should not be affected, and the pledgee should be able to exercise its rights of pledge (to take over the pledge or to put it up for sale and receive all proceeds from the sale to cover the payments due from the Lending Company). However, the Issuer and SPV may decide to terminate cooperation with the Lending Company and request that the Lending Company repurchase all Loan Receivables before their term or to repay the Loans together with any interest.

3. The guarantee or pledge may become invalid or unenforceable

There is a risk that guarantees or pledges securing the Lending Company's obligations towards the SPV and/or the Issuer may become invalid or unenforceable for several reasons, including, but not limited to cases when legal relations arising from the Transaction Documents are recategorised by the court of law, mistakes and omissions are made and/or due procedures not being followed when guarantees or pledges are formed. In that case, the obligations of the Lending Company towards the SPV and/or the Issuer defined by the Transaction Documents become unsecured and the credit risk significantly increases, and that may trigger Mintos, the Issuer and SPV terminating cooperation with the Lending Company and requesting repurchase by the Lending Company of all the Loan Receivables or to repay the Loans together with any interest before their term. If there is no guarantee to enforce and no pledge to enforce against, then the SPV and the Issuer are left with the Lending Company as the only debtor from which to expect the payment of monies due from the Lending Company.

RISKS SPECIFIC TO MINTOS

1. Various events and failures could cause situations where Mintos is not able to continue operations

As a relatively new service, Mintos operates in a complex and dynamic regulatory and competitive environment and various events and failures could lead to Mintos terminating the provisioning of services, including the operations of the Platform. These events include but are not limited to revocation of licence, weak financial performance, negative reputation, non-compliance events, dramatic changes in the applicable regulations impacting Mintos operating model or an economic downturn. If Mintos ceases operations, this could significantly impact the Noteholder's ability to receive repayment on time.

Should Mintos enter liquidation or insolvency, as a regulated and supervised entity, the process will be supervised by the FCMC. The appointed liquidator or administrator will take over the functions of the management board. Mintos will continue servicing its clients and the Investment Accounts, and relevant financial instruments portfolios in line with what Mintos is permitted to do according to the applicable insolvency and liquidation rules. The process from the moment of the appointment would be led by the appointed administrator or liquidator. In some cases,

the Investors' Protection Law may apply. Such processes may significantly influence the investment's return times and make the return more complex to the Noteholder.

Furthermore, Mintos could for some reason suddenly stop honouring its obligations under the existing agreements, leading to delayed payments or partial or full loss of the amount invested in the Notes.

2. Non-compliance with regulations could lead to revocation of Mintos' licence

To provide services to clients, Mintos, as the operator of the Platform, has received an investment firm license from the FCMC. The licence could be suspended or revoked due to non-compliance with regulations by Mintos. Loss of licence by Mintos could lead to delayed payments or partial or full loss of invested amount under the Notes.

3. Failure of IT systems or a security breach could lead to significant liabilities and harm relationships with customers

The technology that Mintos has developed over the years is a cornerstone of Mintos' future success. The satisfactory performance, reliability and availability of the Platform is critical to its operations, customer service and reputation.

While Mintos has taken steps to protect confidential information, the techniques used to obtain unauthorised, improper or illegal access to systems, data, or customer data, or to disable or degrade services are constantly evolving and may not be detected quickly.

As a result, Mintos' and Mintos' third-party vendor security measures might be breached, and these security breaches could result in confidential client information being stolen. Breaches of security measures because of third-party action, employee error, third-party vendor error, design flaws in the software, or interruptions in Mintos' systems and services could adversely impact our relationships with Mintos' clients, harm Mintos' reputation and expose Mintos to significant liability.

Furthermore, in the event of damage or interruption, existing insurance policies may not adequately compensate Mintos and Mintos' clients for any losses that may have been incurred. Nevertheless, as IT systems are crucial to Mintos' operations, a substantial amount of resources are devoted to ensuring the stable and uninterrupted performance of the IT systems.

4. Mintos' bank accounts could be frozen or closed and banks, where the Noteholder funds are held, can become insolvent

Mintos clients' funds, including the fund being deposited in the Issuer's Account for settlement under the Notes, are kept segregated from Mintos' own funds in several bank accounts marked as client funds accounts.

One or several of those bank accounts that Mintos uses might be blocked, seized or closed for a number of reasons, including insolvency of the banks, resulting in interruptions of fund transfers to the Lending Company and the Noteholder.

5. Significant problem or termination of the agreement with a Mintos partner may affect the provision of services to the clients

While providing its services, Mintos relies on several carefully selected partners (e.g., cloud computing providers), and any problems with the service providers could impact Mintos' ability to provide services to the Noteholder. Mintos has taken several steps to reduce the likelihood

and impact of such occurrences, such as having backup service providers where feasible, there is still a risk that the Noteholder may not be able to access the Platform or receive services.

6. Certain situations or actions may raise conflicts of interests

While the rights and the responsibilities of Mintos, the Issuer, the Lending Company are detailed in the Transaction Documents and this Base Prospectus, and Mintos has established policies and procedures to mitigate the risk, it is not possible to fully avoid the possibility of a conflict of interests between the parties that could impact the interests of the Noteholder.

While Mintos provides placement services to the Issuer with respect to the Notes, Mintos also provides the infrastructure services for the Lending Company and the Issuer to perform sales of the Loan Receivables to the Issuer, as well as to exercise the Buyback Obligations and Repurchases. Mintos receives fees from the Lending Company for placement services. Mintos has carefully set up the fees in a compliant manner and so that it would not violate the conflict of interest management rules. Such placement fees might qualify as inducements and Mintos would disclose information on these inducements to the Noteholder. In addition to inducement disclosures, Mintos has set up internal procedures to identify and manage conflicts of interest. Some conflicts of interest require disclosure and those are disclosed.

RISKS SPECIFIC TO THE SPV (LENDER)

1. The SPV could default on its obligations or become insolvent

The SPV is a wholly-owned Mintos Group company, and not engaged in any business activities other than those provided in this Base Prospectus. There is a risk that the SPV could suddenly stop effectively honouring its obligations under the existing agreements and breaching its provisions, resulting in missing repayments to the Noteholder. This could lead to delays in repayments and partial or full loss of invested amounts.

While the SPV is created, established and performs its operations as a special purpose undertaking, due to possible legal shortcomings of the applicable law and/or judicial practice, the SPV might be found insolvent. In such situations, if the SPV has received and holds money from the Lending Company that is payable to the Issuer, the Noteholder could experience delays in receiving its invested funds and the Issuer's priority as a creditor of the SPV might be changed by the rule of law, leading to receiving fewer amounts than due under the Notes, if any amounts at all are received and held by the SPV that are received from the Lending Company.

The Terms and Conditions of the Notes (in section 12 of this Base Prospectus) are set up and drafted as having legal force and addressing concerns as legally binding contractual obligations. There can be external circumstances that might influence such legal construction, including, but not limited to court ruling, and/or new or modified legal enactments.

2. The SPV is not able to continue Loan servicing

Various factors can negatively impact the SPV's ability to provide Loan servicing, which in turn could lead to delayed repayments for the Loan Receivables to the Issuer and as a result, and, in turn to the Noteholder or even partial or full loss of the invested amount. Some of the factors are:

- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters or pandemic, could significantly increase

the amounts that can't be recovered from the Lending Company.

- **Freezing, seizing or closing of the SPV's operational bank account** - The account that the SPV uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your client breaches, sanctions violations, state authorities' arbitrary actions, or insolvency of a bank or payments services provider. Inability to use the bank account could restrict SPV's ability to collect repayments from the Lending Company and transfer funds to the Issuer for an indefinite time, or even lead to insolvency or bankruptcy of the SPV.
- **Currency control restrictions or lack of corresponding banks chain** - The local government could introduce certain currency control restrictions, leading to a situation where SPV is not able to make payments in foreign currency and/or to the beneficiary that is a foreign entity and/or to an account in a foreign financial institution. Alternatively, corresponding bank relations of a bank or payments services provider which maintains the SPV's operational accounts could be dramatically amended or terminated, eliminating the SPV's ability to make payments towards the Issuer. This may negatively affect payments to the Issuer and thus further distributions to the Noteholder.
- **Changes in local regulation with regards to Loans already issued** - A legislative body of the country where the SPV operates or wherefrom the Lending Company is could introduce a borrowers' moratorium (a legally authorised period of delay in the performance of a legal obligation or the repayment of a debt) or even full or partial debt (including interest and penalties) release.

3. **Cross-risks applicable to the SPV**

Considering the pass-through nature of the SPV, the SPV and its abilities to pay amounts due to the Noteholders under the Note are exposed to all the risks listed above in '*RISKS SPECIFIC TO THE UNDERLYING LOAN*', '*RISKS SPECIFIC TO LOAN SERVICING*', '*RISKS SPECIFIC TO PLEDGES WHEN THOSE ARE PROVIDED TO THE SPV*'.

RISKS SPECIFIC TO THE ISSUER

1. **The Issuer could default on its obligations or become insolvent**

The Issuer is a wholly-owned Mintos Group company, and not engaged in any business activities other than those provided in this Base Prospectus. There is a risk that the Issuer could suddenly stop effectively honouring its obligations under the existing agreements and breaching its provisions, resulting in missing repayments to the Noteholder. This could lead to delays in repayments and partial or full loss of invested amounts.

While the Issuer is created, established and performs its operations as a special purpose undertaking, due to possible legal shortcomings of the applicable law and/or judicial practice, the Issuer might be found insolvent due to the following reasons, including, but not limited to, a Noteholder or other creditor initiating the insolvency procedure against the Issuer in bad faith and the court not finding limited recourse and non-petition provisions defined by this Base Prospectus as a sufficient ground to reject such proceeding. In such situations, the Noteholder could experience delays in receiving its invested funds and its priority as a creditor of the Issuer might be changed by the rule of law, leading to receiving fewer amounts than due under the Notes.

The Terms and Conditions of the Notes (in section 12 of this Base Prospectus) are set up and

drafted as having legal force and addressing concerns as legally binding contractual obligations. There can be external circumstances that might influence such legal construction, including, but not limited to court ruling, and/or new or modified legal enactments.

2. Mintos may not be able to cover the maintenance and administrative costs of the Issuer

Considering the pass-through nature of the Issuer, the maintenance costs and administrative expenses of the Issuer are, in essence, covered by the Lending Company, either via direct compensation mechanism or indirectly via Mintos. If for any reason mentioned above in '*RISKS SPECIFIC TO MINTOS*', Mintos is not able to cover such costs, it could significantly influence the operations of the Issuer and its ability to service Notes and make payments to the Noteholder.

3. Information asymmetry

With a reference to risks described above in 'The Lending Company may intentionally or unintentionally breach its contractual obligations - False or incomplete information about the Lending Company' and '-False Borrower data', part of the information in this Base Prospectus as well as significant information being received during the term of the Notes is being sourced and received from the Lending Company. There is a risk that the Lending company can provide material information with delay or fails to provide information to the Issuer at all. As a consequence:

- the Issuer through Mintos acting as its authorised representative will not be able to timely enforce its rights provided in the Transaction Documents and to act in the interests of Noteholders; and
- the Issuer will not be able to prepare and publish supplements to this Base Prospectus in a timely manner, which could impact the Noteholders' judgement on purchasing the Notes being unaware of any significant new factor, material mistake or inaccuracy related to the information being sourced from the Lending Company.

4. Cross-risks applicable to the Issuer

Considering the pass-through nature of the Issuer, the Issuer and its abilities to pay amounts due to the Noteholders under the Note are exposed to all the risks listed above in '*RISKS SPECIFIC TO THE UNDERLYING LOAN*', '*RISKS SPECIFIC TO LOAN SERVICING*', '*RISKS SPECIFIC TO GUARANTEES AND PLEDGES WHEN THOSE ARE PROVIDED TO THE SPV*' and '*RISKS SPECIFIC TO MINTOS*'.

RISKS SPECIFIC TO NOTES

1. The Noteholder has no rights of recourse against the Borrowers, the Lending Company, the SPV, the Guarantor or the pledgor

The Noteholder has no direct right to the Loan Receivables. Instead, the Noteholder is acquiring Notes, which are backed by the corresponding Loan Receivables. The legal title in the Loan Receivables and relevant rights arising from them are vested in the Issuer. This means that the Noteholder will have no direct recourse against the Lending Company or the Borrowers and no ability to independently and in its discretion to pursue the Lending Company or any Borrower to collect payments under the relevant Borrower's Loan or the Lending Company to collect payments under the relevant SPV Loan Agreement. For the same reason the Noteholder will have no direct recourse against the SPV or the Lending Company, or the Guarantor and/or the

pledgor, and no ability to pursue the SPV or the Lending Company, or the Guarantor and/or the pledgor to enforce them to duly perform their duties and obligations due. All such actions are carried out by the Issuer as the legal owner of the Loan Receivables according to the provisions of this Base Prospectus and the Transaction Documents.

2. Change of creditors priority

The outcome of judicial or insolvency procedure could overrule the creditors' priority in this Base Prospectus due to requirements of the law, meaning that the Noteholders of one Series of Notes could become equal creditors to Noteholders of other Series of Notes, thus all the proceeds the Issuer receives from all the Loan Receivables is distributed on *pro rata* basis or otherwise.

3. Certain costs may rank higher than payments to the Noteholder

While it is the Issuer's responsibility to transfer to the Noteholder all payments that have been received from the SPV, including the payments received from the Lending Company by the SPV, there are certain costs, such as taxes, Mintos' fees and recovery costs that rank higher than payments to the Noteholder. This means that the Noteholder would only receive payment after the payment obligations of a higher priority have been settled.

Also, there is a risk that the outcome of judicial or insolvency procedure could define other priority of payments, which differs from the priority in this Base Prospectus.

4. Liabilities that are not Series specific will be allocated to all Series of Notes proportionally

If there are higher priority costs, i.e., taxes, fees and recovery costs, related to the specific Note, then these will be covered from the payments due to the Noteholders according to the Priority of Payments defined in this Base Prospectus. Where the liability is not Series-specific, for example, legal costs, the liability will be allocated to all Series of Notes proportionally unless otherwise defined by the Priority of Payments.

5. Due diligence and monitoring performed by Mintos and Mintos risk score allocated are limited in scope, do not address all material risks, and do not provide any assurance or indemnification

Before the Lending Company joins Mintos and during the cooperation, Mintos carries out due diligence and assigns a Mintos risk score. It is important to point out that these processes are limited in scope and do not address all material risks relating to an investment in the Notes, but rather reflect the view of Mintos at the time the due diligence and monitoring are performed.

Even if Mintos continuously measures the accuracy of Mintos risk score and evaluates the need to adjust the methodology when new data is obtained, these processes might not guarantee any further performance of the investment.

Mintos neither provides any assurance or guarantee for the Noteholder nor indemnifies or holds Noteholder harmless for any loss or adverse consequence directly or indirectly arising from the Noteholder relying upon Mintos risk score or due diligence and monitoring performed. Basing investment decisions solely on Mintos risk score could lead to a partial or full loss of invested amounts.

6. No specific securitisation laws in Latvia

There are no dedicated laws and regime in Latvia addressing specific special purpose vehicle issuer insolvency or limited recourse concepts. Mintos believes the Terms and Conditions of the Notes are set up and drafted as having legal force and addressing such concerns as legally binding contractual obligations. There might be circumstances that influence such legal construction, including, but not limited to the court ruling, or new or modified legal enactments. Eventually, this could lead to delayed payments or partial or full loss of the amount invested in the Notes.

7. Repurchase could impact planned return

The Lending Company may repurchase the Loan Receivables from the Issuer at any time at their then outstanding principal value without any penalty or other compensation. This may happen, for example, in cases where the Lending Company can acquire lower cost financing from other sources and wishes to refinance the Loan.

The Lending Company not only has a right to repurchase, but also has an obligation to repurchase the Loan Receivables from the Issuer upon the occurrence of certain events specified in the Cooperation Agreement. The Lending Company may become obliged to repurchase one or several affected Loan Receivables, as well as there are certain events that may trigger the obligation to repurchase all the Loan Receivables. Occurrence of a Material Event of Default under the Cooperation Agreement triggers the obligation to repurchase all the Loan Receivables.

If the repurchase right is exercised by the Lending Company or if the repurchase obligation arises, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company. The Noteholders' return on the investments in the Notes which are redeemed due to the repurchase will be lower than the initially planned return.

8. New regulations introduced in the future could impact the Noteholder and Mintos

Due to several reasons, such as improvements in computer technology, the financial crisis of the past decade and a greater focus on preventing the legalisation of illegally gained proceeds, the financial industry over the last years has experienced the introduction of several new regulations. With further developments and adoption of technologies, jurisdictions, either where Noteholders or Mintos Group are domiciled are likely to introduce new regulations or administrative interventions that could relate to Notes or online marketplaces such as the Platform. Such regulation in the future, for example, could enhance investors' protection measures, limit access to Notes to only qualified or sophisticated Noteholders, limit the proportion of the portfolio that can be invested through Notes or introduce any other restricting measures.

Furthermore, the introduction of new regulations or significant changes to the existing regulations could impact the profitability, cost base and future operations of Mintos. Failure to comply with regulation could lead to, among other things, lawsuits, administrative enforcement actions, penalties, and revocation of licences and authorisations. Eventually, this could lead to delayed payments or partial or full loss of invested amounts under Notes.

9. New regulation in relation to taxes could impact the expected return for the Noteholder

In the event that new regulation is introduced, or existing regulation or its interpretation changes

so that the Issuer and/or Mintos needs to withhold additional taxes before making payments to the Noteholder, and the Issuer and/or Mintos is required to withhold any transfer tax, stamp duty and/or financial transactions tax, this could impact the expected return on investment for the Noteholder. Similar developments in the Noteholders' tax residence country can lead to the same consequences.

10. Notes have limited liquidity and transferability

The Notes are illiquid securities and there is no active market for them, and the Notes are not admitted to any trading venue. The potential buyers and transferees are limited only to other Mintos' clients who are registered on the Platform. Which all means that the Noteholder might need to offer the Notes with a significant discount and hence would not meet the expected return on the investment, or might even be unable to sell them at all during a shorter or longer period of time. Furthermore, to protect Noteholders that use automatic investment solutions from making investment decisions, Mintos may restrict the execution of orders to sell the Notes according to the terms and conditions of the agreements between the Investors and Mintos.

The Noteholder should therefore only invest in Notes that the Noteholder is comfortable with holding to maturity.

11. An undiversified investment portfolio may lead to greater exposure to the Lending Company and country-specific risks than a well-diversified portfolio

Investment in a single Note, Notes issued in relation to the Lending Company or Notes with underlying Loans related to one country means that the performance of the portfolio and risk exposure depends on that Note, the Lending Company, country and currency risk.

Mintos encourages its customers to build a well-diversified portfolio and provides several tools to automate investing in Notes, making this easier.

12. Investing in Notes issued in other currencies increase the Noteholder's exposure to currency risk

If a Noteholder invests in Notes denominated in a currency that is different from the currency that the Noteholder earns and/or spends, the return on the investment could be significantly impacted by the fluctuations in the exchange rate between those currencies. This means that if the underlying currency depreciates significantly, the Noteholder could lose part of the investment, and if the currency appreciates significantly, the Noteholder could earn a higher return on investment.

13. Notes are not bank deposits

Investment in Notes does not have the status of a bank deposit in Latvia or elsewhere and is not within the scope of the deposit protection or guarantee scheme operated by the Republic of Latvia or any other jurisdiction.

Final Terms

Each Series of Notes will be issued on the terms and conditions set out under the section entitled '12. TERMS AND CONDITIONS OF THE NOTES' of this Base Prospectus as completed by the applicable Final Terms. The Final Terms will be published on the website www.mintos.com. A form of applicable Final Terms is set out under the section entitled '14. APPLICABLE FINAL TERMS' of this Base Prospectus.

Other relevant information

This Base Prospectus must be read and construed together with any supplements to this Base Prospectus and with any information incorporated by reference in this Base Prospectus and, concerning any Series of Notes, must be read and construed together with the relevant applicable Final Terms.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into concerning the Programme, any information supplied by the Issuer, or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer.

Mintos has not authorised the whole or any part of this Base Prospectus and does not make any representation or warranty, or accept any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue and offering of the Notes, nor does Mintos or any of its shareholders, directors, affiliates, advisers or agents take any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue, offering and sale of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms, and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and Mintos to inform themselves about and to observe any such restrictions. In particular, Notes have not been and will not be registered under the Securities Act. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. Neither this Base Prospectus nor any Final Terms constitute an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, Mintos or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer. Mintos has not provided any financial or taxation advice in connection with the Programme or the Notes.

Programme limit

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 40 000 000 (or its equivalent in other currencies).

Language

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language so that the correct technical meaning may be ascribed to them under applicable law.

Ratings

No Series of Notes issued under the Programme will be rated by any credit rating agency.

Currencies

Unless otherwise indicated, the financial information contained in this Base Prospectus has been expressed in euro. The Issuer's functional currency is euro, and the Issuer prepares its financial statements in euro.

Third-party and market share data

This Base Prospectus contains information regarding business of the Issuer, Mintos, the Lending Company and others, and the industry in which they operate and compete.

Where third party information has been used in this Base Prospectus, the source of such information has been identified. Statistical information included in this Base Prospectus has been derived from official public sources, including the statistical releases. All such statistical information may differ from that stated in other sources for a variety of reasons, including the use of different definitions and cut-off times. This data may subsequently be revised as new data becomes available and any such revised data will not be circulated by the Issuer to Investors who have purchased the Notes. In some cases, independently determined industry data is not available. In these cases, any market share data included in this Base Prospectus is referred to as having been estimated. All such estimates have been made by either the Issuer or the Lending Company using its information and other publicly available market information. Each of the Issuer and the Lending Company believes that these estimates of market share are helpful as they give prospective Investors a better understanding of the industry in which the Issuer or the Lending Company operates as well as its position within that industry. Although all such estimations have been made in good faith based on the information available and the Issuer's or the Lending Company's knowledge of the market within which it operates, neither the Issuer nor the Lending Company can guarantee that a third-party expert using different methods would reach the same conclusions. Where information has not been independently sourced, it is the Issuer's or the Lending Company's own information.

4. TRANSACTION OVERVIEW

○ **THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES**

▪ **The Issuer, Mintos, SPV (Lender) and the Lending Company**

The Issuer, Mintos, SPV (Lender) and the Lending Company have entered the Transaction Documents for the issue and sale of the Notes as described in this Base Prospectus.

▪ **Issuance of loans and transfer of the Loan Receivables by the SPV to the Issuer**

The Lending Company issues loans to the Borrowers, and in the Base Prospectus, they are called the Borrowers' Loans. Once the Borrower's Loan is issued by the Lending Company, the Lending Company can request, by using the API connection setup with Mintos, a Loan from the SPV (Lender) within the maximum limit permitted by the Cooperation Agreement on Issuance of Loans.

Each loan requested from the SPV has to be for an amount not exceeding 90% of the principal amount of the Borrowers' Loan that the Lending Company has issued to the Borrower and that it provides as a source of repayment of the respective Loan. If the request for Loan meets the requirements under the Cooperation Agreement on Issuance of Loans, the request is approved and an SPV Loan Agreement is generated for that Loan. Mintos verifies the information provided through the API. The Borrower's Loans are required to meet certain eligibility criteria for the Loans that will be advanced against them to form a 'pool' of Loan Receivables to serve as the underlying assets for a particular Series of Notes and to satisfy other conditions precedent. Each SPV Loan Agreement has one Borrower's Loan linked to it as the source of repayment.

After the SPV Loan Agreement is concluded, the Loan Receivables arising out of the SPV Loan Agreement are in full sold to the Issuer.

The sale of the Loan Receivables to the Issuer is evidenced by Mintos generating the Transfer Document. The agreement on the terms and conditions of the sale of the Loan Receivables by the SPV to the Issuer is set out in the Cooperation Agreement, the Transfer Document evidences the fact of the sale having happened.

Payment for the acquired Loan Receivable is subject to placement of the Series of Notes.

That means the Loan Receivables transferred to the Issuer and backing the Series have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Notes.

In relation to the Loan, the SPV does not retain any 'skin in the game'. The Lending Company, however, does economically retain a skin in the game in the Borrower's Loan due to the Loan that it can receive against the Borrower's Loan is no greater than 90% of the principal amount of the Borrower's Loan.

The Lending Company is notified of the transfer of the Loan Receivables, however the parties under the Cooperation Agreement have agreed that the Lending Company will continue to make payments to the SPV (Lender), unless the Issuer has not notified the Lending Company to do otherwise. The SPV continues to service the Loan Receivables.

The Lending Company meanwhile retains full title over the Borrowers' Loans that are linked to the Loans as their source of repayment.

- **Issue of Notes**

Once the Issuer has a pool of the Loan Receivables, Mintos publishes the Final Terms for the relevant Series of Notes on the Platform on behalf of the Issuer. This process is automated and takes place in real-time.

As of the Issue Date, the Notes are publicly offered by the Issuer through the Platform. Investors can purchase Notes from the Issue Date until the Maturity Date of the Notes provided in the Final Terms or until the time when the Notes are fully sold to Investors by the Issuer, whichever occurs earlier. Information about the offer results of the Notes is published on the website www.mintos.com in real time starting from the Issue Date of the Notes. Subscriptions will not be reduced, which means a refund of amounts paid in excess does not apply. The Issuer does not expect any conditions to which an offer of the Notes would be subject.

To purchase Notes from the Issuer, the Investor registered on the Platform submits an investment order using the "Primary market" section of the Platform, indicating the amount of money that the Investor wishes to invest in particular Notes. The Investor can also use automated portfolio management services provided by Mintos to purchase the Notes. The process for purchasing Notes is automated

and takes place in real-time. When the investment order is accepted by the Platform, Mintos debits cash funds from the Investor's cash account with Mintos in exchange for delivery of the Notes to the Investor's financial instruments account with Mintos. Paying for the Notes and delivery of the Notes take place simultaneously. The Notes allotted are available as soon as the investment order is executed by Mintos, by means of the Investor's profile on the Platform. Further alienation of Notes could be done as soon as available on the Investor's Investment Accounts.

Minimum subscription amount is one Note. Maximum subscription amount is up to the Aggregate Nominal Amount for the relevant Series of Notes, but subject to the nominal amount of the Notes being available for purchase from the Issuer as at execution time of the investment order at Mintos.

No expenses are expected to be charged to the Investor by the Issuer when purchasing Notes. Currently there is no financial transaction tax to be applied by the Issuer and/or Mintos to the Investor in subscribing or purchasing any Note.

The Issuer expects that net proceeds of any Series of Notes will equal the Aggregate Nominal Amount of the relevant Series.

▪ **Payments under the Notes**

Interest specified in the Final Terms will begin to be calculated and accrued from (and including) the first day when the Investor has acquired the Notes from the Issuer and the Notes are booked by Mintos in the Investor's financial instruments account.

The Interest and principal payments under the Notes are linked and contingent on corresponding payment being made under the pool of the underlying Loan Receivables, and the payments being made under the pool of underlying Loan Receivables is dependent on the payments being made by the Borrowers under the Borrowers' Loans linked to that pool. Notes may have different payments which reflect the different Loans issued by the Lending Company, such as:

- fully amortising Notes – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes so that the principal amount outstanding of the Notes is zero at maturity of the Notes;
- partially amortising Notes (or 'balloon' Notes) – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes but, a 'balloon' of principal amount outstanding of the Notes remains which is paid at maturity of the Notes;
- interest only Notes – only the interest is regularly paid during the term of the Notes, whilst the principal amount outstanding of the Notes is paid at maturity of the Notes; and
- bullet Notes - both the outstanding principal value of the Notes and interest are paid at the maturity of the Notes.

▪ **The Buyback Obligation**

The **Buyback Obligation** is the obligation for the Lending Company to (i) repurchase

the relevant Loan Receivables from the Issuer, provided that the Buyback Obligation is stated as being applicable in the Final Terms; or (ii) to make repayment to the SPV with respect to the affected Loan in full, if any payment under any of the relevant Borrower's Loan is delayed by more than 60 days. Whichever way the Buyback Obligation is performed, if the Lending Company fulfils the obligation, it achieves the same result – the Issuer receives either directly from the Lending Company or from the SPV full settlement for the respective Loan Receivables.

If the Buyback Obligation is triggered, the relevant Series of Notes will be partially redeemed early once the Issuer has received the buyback price from the Lending Company or the payment from the SPV of received repayment from the Lending Company. The buyback price or repayment is the nominal value of the Loan Receivable as it is at the time when the Buyback Obligation arose, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Buyback Obligation was triggered.

- **Repurchase**

Repurchase is the right or obligation for the Lending Company to (i) repurchase the Loan Receivable(s) from the Issuer or (ii) to make repayment to the SPV with respect to the affected Loans in full on the occurrence of certain events specified in the Cooperation Agreement.

The Repurchase rights may be exercised by the Lending Company at any time with respect to any Loan Receivable(s). The repurchase price or the repayment is the nominal value of the Loan Receivable, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase right was exercised, as it is at the time when the Repurchase right was exercised.

If during the validity of the Cooperation Agreement the Lending Company exercises its rights to Repurchase individual Loan Receivables that are linked to performing Borrowers' Loans (loans that are not delayed by the Borrower), the Lending Company shall be obliged to repurchase the same amount of the Loan Receivables that are linked to non-performing Borrowers' Loans with a delay of 1 to 59 days (if any) and to non-performing Borrowers' Loans with a delay of 60 and more days (if any). Namely, if the Lending Company repurchases 10% (ten per cent) of the Loan Receivables linked to performing Borrowers' Loans, the Lending Company shall be obliged to repurchase 10% (ten per cent) of the Loan Receivables linked to non-performing Borrowers' Loans with a delay of 1 to 59 days and 10% (ten per cent) of the Loan Receivables linked to non-performing Borrowers' Loans with a delay of 60 and more days. The Loan Receivables linked to non-performing Borrowers' Loans subject to the repurchase are randomly selected by the Lending Company at its own discretion. If Lending Company fails to repurchase the Loan Receivables of non-performing loans as per this clause, Mintos shall randomly select the Loan Receivables on non-performing loans subject to the repurchase by the Lending Company.

The Repurchase obligation arises either with respect to one or several Loan Receivables or it may as well arise with respect to all Loan Receivables.

Individual affected Loan Receivable(s) must be repurchased by the Lending Company according to the Cooperation Agreement if the following occurs:

- (a) termination by the Lending Company of a Borrower's Loan Agreement which is linked to the SPV Loan Agreement from which the Loan Receivable arises;
- (b) in case any of the following events occur:
 - if the SPV Loan Agreement from which the respective individual Loan Receivable arises is or shall for any reason and by any means become invalid or unenforceable whether in whole or in part or it becomes impossible or unlawful for any party to any

- such document to perform its obligations under such documents; or
 - if, in the reasonable opinion of Mintos and/or the Issuer and/or the SPV. the Lending Company's fraud or fraudulent misrepresentation has been established;
- (c) with respect to the affected Loan Receivable that is determined in the sole discretion of Mintos, in case if any of the following events occur:
 - if certain representations or warranties of the Lending Company provided in the Cooperation Agreement with respect to the Borrower's Loan is or proves to have been untrue when made or deemed to be made;
 - if a breach of an obligation of the Lending Company to comply with certain restrictions on amendments to the Borrower's Loan Agreements are not complied with or if the Lending Company breaches its duties as a servicer of the Borrower's Loans; or
 - if it is or becomes unlawful for the Lending Company to perform its obligations under the Cooperation Agreement or the Cooperation Agreement on Issuance of Loans according to the applicable laws(i.e. having a retroactive effect).

The above might not be a precise wording of the Cooperation Agreement provisions, however even if the wording is different the description of the essence remains correct.

In case a Material Event of Default under the Cooperation Agreement has occurred (see paragraph: THE TRANSACTION DOCUMENTS - The Cooperation Agreement - Material Events of Default), Mintos is entitled to request the Lending Company to repurchase all the Loan Receivables transferred to the Issuer or to make repayment to the SPV with respect to all the Loans. Mintos has the discretion to request or not to request the repurchase of all the Loan Receivables. If the full repurchase is requested, repurchase obligation must be met by way of (i) paying the repurchase price or (ii) by making repayment to the SPV with respect to the Loans in full within the time period, which in most cases is 5 (five) Business Days, but may be set as a longer period of time up to no more than 6 months, after the notice has been given to the Lending Company regarding the repurchase and the final calculation of the amounts payable is sent to the Lending Company.

The repurchase price for the Loan Receivable which the Lending Company is obliged to pay to the Issuer for the Repurchase of the Loan Receivable is equal to the total amount of the remaining principal amount of the Loan Receivable and accumulated and outstanding interest, and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase was triggered.

If Repurchase rights or obligation is triggered, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company or the payment from the SPV of received repayment from the Lending Company.

- **No credit enhancement**

The Notes have no credit enhancements and no liquidity support in relation to payment of interest or principal.

The Issuer, as a special purpose entity, has no obligation to make any payment on the Notes unless sufficient funds have been received from the SPV or the Lending Company. In turn, the SPV, is dependent on payments on the relevant Loans from the Lending Company, but the Lending Company, in turn, is dependent on payments on the relevant Borrowers' Loans from the Borrowers.

- **THE TRANSACTION DOCUMENTS**

The information in this section is a summary of certain features of the Transaction Documents provided for information purposes and will not be treated as the full binding text of the relevant agreement.

- **The Cooperation Agreement**

General

The Cooperation Agreement contains the agreement between the Issuer, the SPV, the Lending Company and Mintos on the matters outlined in the above section entitled '*THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES*'.

The Cooperation Agreement among other schedules contains as a schedule a sample of the Borrower's Loan Agreement.

Mintos

Mintos acts as an assignment agent, placement agent, calculation agent, transfer agent and paying agent of the Issuer in relation to the Notes.

Loan servicing

The Issuer has appointed the SPV as the servicer with service rights which includes any and all rights to:

- a) service the Loan Receivables;
- b) all agreements or documents creating, defining or evidencing the servicing rights to the extent they relate to the servicing;
- c) collect all payments under the SPV Loan Agreements; and
- d) maintain and use any and all servicing files and other data and information about the Loan Receivables, and about the past, present or prospective servicing of the Loan Receivables.

Within the scope of servicing obligations, the SPV has undertaken certain obligations, including:

- a) to collect and process payments from the Lending Company;
- b) to transfer payments from the Lending Company to the Issuer;
- c) not to assign, transfer or create any encumbrance over any Loan Receivables; and
- d) to take all reasonable actions to ensure that the Loan Receivables are not treated as the SPV's property and any pledge rights, prohibitions or other encumbrances in favour of the SPV, its creditors or administrators would not be attributed to the Loan Receivables.

The appointment of the SPV as the servicer can be terminated by written mutual agreement between the Issuer, the SPV, the Lending Company and Mintos only when the Issuer has settled all obligations under the Notes towards the Noteholders.

Subject to certain terms and conditions, the Issuer may, by notice to the SPV, the Lending Company and Mintos terminate the appointment of the SPV as the servicer and appoint another person as the servicer of the Loan Receivables.

Extensions

The Lending Company may modify any of the Borrowers' Loan Agreements without approval of the Issuer, provided that payments from the relevant Borrowers remain unchanged.

If provided in the Final Terms, the Lending Company may extend the repayment schedule of one or more of the Borrower's Loan Agreements without the consent of the SPV, Issuer or the Noteholders

provided that (a) there is no event of default under any of the Borrower's Loans Agreement, (b) any change is restricted by 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms and (c) any change is notified on the Platform to the Noteholders. If the Borrower's Loan Agreement is extended, the SPV Loan Agreement that it is linked to is extended for the same period of time.

The Lending Company may also extend the repayment schedule of one or more of the Borrower's Loan Agreements without the consent of the Issuer, the SPV or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal provided that any change is notified on the Platform to the Noteholders.

Representations and warranties

The Lending Company has made certain representations and warranties relating to the Borrowers' Loans including:

- a) all necessary and required procedures, checks and assessments have been performed to ensure the validity and enforceability of each of the Borrowers' Loan Agreements;
- b) information and documents provided regarding each of the Borrowers' Loans, the Borrowers' Loan Agreements are true, correct and complete,
- c) the Lending Company is the sole owner of the Borrower's Loans being provided as the source of repayment of the Loans, they are free and clear of all liens, pledges or encumbrances, other than as required or permitted by the Cooperation Agreement.

The Lending Company has represented and warranted that it has all necessary licences, permits and authorisations to conduct its business activities.

The SPV has made certain representations and warranties relating to the Loans, including on the validity and enforceability of each of the SPV Loan Agreements.

Each of the Issuer, the Lending Company, the SPV and Mintos has ensured the truth, correctness and completeness of all the documents and information being provided by it, as well as its compliance with applicable regulatory requirements.

Covenants

The Lending Company has covenanted to comply with certain financial and other covenants.

Indemnities and penalties

The Lending Company has agreed to pay the contractual penalties to Mintos, to the SPV, or the Issuer, as required by the Cooperation Agreement, for breach of certain obligations indicated in the Cooperation Agreement.

Each of the Issuer, the SPV, the Lending Company and Mintos has indemnified the others against any and all losses suffered by or incurred by the others arising out of or resulting from its breach under the Cooperation Agreement.

Material Events of Default

The Cooperation Agreement contains an exhaustive list of events that constitute Material Events of Default. Material Events of Default under the Cooperation Agreement include events like:

- a) non-payment by the Lending Company or the Guarantor under the Transaction Documents;
- b) the Lending Company's non-compliance with the adjusted equity ratio set in the Cooperation Agreement, and non-compliance by the Guarantor, if any, with the adjusted equity ratio set for it;
- c) events with respect to various other obligations: failure to fulfil some other obligations of the Cooperation Agreement; occurrence of a material event of default under other obligations referred to in the Cooperation Agreement;
- d) an event of default, as such term is defined in this Base Prospectus, occurs, which such event of default is caused by fault, action or failure to act of the Lending Company, Guarantor and/or Pledgor;
- e) any security documents (if any) having become invalid, unenforceable or likewise events occurring with respect to them as agreed in the Cooperation Agreement;
- f) insolvency or insolvency proceedings of the Lending Company or any Guarantor or Pledgor occurs;
- g) a creditor's process as agreed in the Cooperation Agreement is taking place;
- h) misrepresentation by the Lending Company with respect to the information in this Base Prospectus that is sourced from the Lending Company and the later is responsible for;
- i) cross-default and cross-acceleration or certain financial liabilities;
- j) occurrence of circumstances in the area of AML (Anti Money Laundering) or sanctions non-compliance that require termination of cooperation with the Lending Company;
- k) cessation of business by the Lending Company, the Guarantor or the Pledgor.

The above is not a precise wording of the Cooperation Agreement provisions on the Material Event of Default, it is just a description of their essence.

If any Material Event of Default occurs, Mintos may stop:

- a) the execution of sales of the Loan Receivables to the Issuer;
- b) the placement of the Notes on the Platform; and
- c) the processing of submitted but not yet executed orders for subscription of the Notes.

Upon occurrence of a Material Event of Default Mintos may require the Lending Company to Repurchase all the Loan Receivables transferred to the Issuer.

Also, if a Material Event of Default occurs Mintos may change the servicer of the Loan Receivables.

Whether to exercise any or all of the above rights that Mintos has if any Material Event of Default occurs, is a decision that Mintos makes, acting as an authorized representative of the Issuer and the SPV in their best interests. It may be that even if a Material Event of Default has occurred, it may be cured or does not negatively affect the ability of the Lending Company to comply with its obligations under the Cooperation Agreement, or there are other legitimate reasons why Mintos should not exercise the said rights.

Term and termination

The Cooperation Agreement continues until all liabilities of the Issuer, the Lending Company and Mintos according to its provisions are fully satisfied.

Governing law

The Cooperation Agreement and any non-contractual obligations arising out of, or in connection with it, is governed by and will be construed in accordance with the laws of the Republic of Latvia.

- **The Credit Line Agreement (also defined as the Cooperation Agreement on Issuance of Loans) and SPV Loan Agreements**

General

The Credit Line Agreement is constructed as a revolving facility agreement whereby the Lending Company may receive Loans from the SPV within a maximum limit which as of the date of first Notes' issue hereunder is set at 25 000 000 EUR (fifteen million euro). Each Loan under the SPV Loan Agreement cannot exceed 90% of the amount of the Borrower's Loan that is indicated by the Lending Company as the source of repayment of the Loan.

Given that there is another credit line agreement concluded between the SPV and the Lending Company, which was concluded to serve for the purpose of providing loans for investment under the setup of concluding the assignment agreements, maximum limit of the said 25 000 000 EUR (twenty-five million euro) is the maximum of all loans advanced by the SPV to the Lending Company that can be outstanding – under the Credit Line Agreement, as well as any other agreement with the SPV.

Rights and obligations of the parties

The Lending Company is entitled to request disbursement of the Loans from the SPV with the available maximum limit, provided that the conditions precedent for such disbursements as agreed are met. Requests are made by the Lending Company sending information to Mintos according to the Cooperation Agreement through API about the Borrower's Loan it offers as the source of repayment. If the conditions precedent are not met, or other agreed circumstances occur, such as a Material Event of Default as such is defined in the Cooperation Agreement occurs, the SPV may refuse granting of Loans and hence the SPV Loan Agreement may not be concluded and the disbursement of the Loan would not take place.

When the SPV Loan Agreement is concluded the Loan is not immediately disbursed in full by the Lending Company. The Loan is advanced to the Lending Company in instalments. The instalments become committed by the SPV to the Lending Company when amounts are paid by the Noteholders for the Notes that the Loan is backing. On the Loan amount that is committed by the SPV, interest on reservation of the loan accrues, but on the Loan amount that is disbursed interest for use of the loan accrues. The rate for both interests is the same.

The SPV and the Lending Company have agreed that the Loans can be advanced to the Lending Company either by cash transfer to the SPV's bank account or by the SPV setting off the amounts that have become due and payable from the Lending Company against the Loans that the SPV has become obliged to advance.

Term and termination

The Credit Line Agreement continues until all liabilities of the Lending Company according to its provisions are fully satisfied.

Governing law

The Credit Line Agreement and the SPV Loan Agreements and any non-contractual obligations arising out of, or in connection with, it is governed by and will be construed in accordance with the laws of the Republic of Latvia.

- **The Guarantee Agreement**

General

Parties to the Guarantee Agreement (amended, restated and/or supplemented from time to time) are the Issuer, the Guarantor, the Lender and Mintos (hereinafter - the Parties). For the purposes of this section of this Base Prospectus the Issuer, the Lender and Mintos are together referred as the Creditors.

According to the provisions of the Guarantee Agreement In order to secure Creditors' monetary claims towards the Lending Company arising (or that may arise) from the Principal Agreements (for the purposes of this section of the Base Prospectus the Principal Agreements means the Cooperation Agreement, all agreements on sale and purchase of the Loan Receivables entered by and between the Issuer and the Lending Company according to the Cooperation Agreement, the Cooperation Agreement on Issuance of Loans, and all SPV's Loan Agreements, as amended from time to time), the Guarantor hereby guarantees to the Creditors the performance of Lending Company's obligations that may be incurred and arising from the Principal Agreements and agrees to be held liable hereunder for the performance of the said obligations of the Lending Company as the principal debtor itself (in Latvian: *kā pats parādnieks*).

The Guarantee Agreement defines a list of financial and other covenants, including negative covenants, that the Guarantor shall comply with during the term of the Guarantee Agreement. The failure to meet the covenants or breach of them leads to an event of default of the Guarantee Agreement and hence Material Event of Default or Event of Default under the Cooperation Agreement.

Rights and obligations

According to the provisions of the Guarantee Agreement the Guarantor undertakes before the Creditors the liability for the Lending Company's outstanding obligations under the Principal Agreements with all of its present and future assets.

In the event that the Lending Company has not fulfilled its obligations on the payment date under the Principal Agreements, the Parties have agreed that firstly Mintos sends notification to the Lending Company for payment of the outstanding debt. If the Lending Company has not settled the outstanding debt within 5 (five) business days from the receipt of such notification from Mintos, then Mintos is entitled to send notification to the Guarantor for payment of the outstanding debt within 5 (five) business days of receipt of such notice from Mintos.

The Guarantor ensures that the payment obligations assumed by the Guarantor under the Guarantee Agreement rank at least equally (*pari passu*) to other liabilities of the Guarantor and that position of the Issuer is not worsened against other creditors of the Guarantor neither in terms of payment priority, nor security.

Representations and warranties

The Guarantee Agreement contains several representations and warranties made by the Guarantor. The Guarantor has represented and warranted, including, but not limited to the Issuer and Mintos, that:

(i) the representative of the Guarantor has all rights, internal corporate approvals and powers for entering into the Guarantee Agreement;

(ii) neither the signing and performance nor the compliance by the Guarantor with the provisions of the Guarantee Agreement shall conflict with or result in a breach or violation of any of the provisions of its articles of association, any agreement, licence, commitment or permit to which the Guarantor is a party or any judgement, order, injunction, decree or ruling of any court or governmental or local authority, to

which the Guarantor is subject to.

(iii) the Guarantor has ensured truth, correctness and completeness of the documents and provided information, as well as their compliance with applicable regulatory requirements.

Indemnities and penalties

Each Party shall indemnify the other Parties against any and all losses suffered by or incurred by the other Parties arising out of or resulting from a breach under the Guarantee Agreement or any representation given in the Guarantee Agreement not being true or correct in any material aspect.

The Guarantee Agreement also defines in which cases the Guarantor shall pay the contractual penalties to the Issuer for the breach of obligations indicated in the Guarantee Agreement.

Term and termination

The Guarantee Agreement continues to be valid and in legal force until all liabilities under the Cooperation Agreement are fully settled in accordance with its provisions.

Governing law

The Guarantee Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and shall be construed in accordance with the laws of the Republic of Latvia.

▪ **The Pledge Agreement**

General

There is already existing pledge agreement between the Parties - the Lending Company as a pledgor and the SPV as a pledgee (the official legal title – Agreement on the Pledge of Movable Assets) amended, restated and/or supplemented from time to time (“the Pledge Agreement”) under the existing set up. The Parties have agreed to make the amendments to the Pledge Agreement in order to secure the obligations arising from the Note set up - the new Cooperation Agreement and the new Cooperation Agreement on Issuance of Loans.

As of the date of this Base Prospectus and the commencement of the issuance of the Notes, the Pledge Agreement might not yet be signed and registered in the Registry of Movable Proprietary Security Rights maintained by the Ministry of Justice of the Republic of Moldova. The Parties have agreed in the Cooperation Agreement that the Pledge Agreement as described herein will be established; however, due to the time needed for all of the formalities it is not a condition precedent for the issuance of the Notes to start.

According to the provisions of the Pledge Agreement in order to secure all obligations of the Lending Company towards the SPV under or in connection with the Principal Agreements, including, inter alia, possible expenses that are related to the maintenance, and storage of the Pledged assets, expenses regarding enforcement of the Pledge arising out of the Principal Agreements, including sale of the Pledged assets under the Principal Agreements, the Pledgor has agreed to create security in favour of the Lender over the Pledged assets (as defined further) (the “Pledge”).

According to the Pledge Agreement the pledged assets mean universality of present and future monetary claim rights deriving from up to 40% (forty percent) of the Pledgor’s Loan Portfolio, specifically from the Borrower’s Loan Agreements described in the List of Pledged Assets that the Pledgor shall provide to the Pledgee in the Schedule 1 to the Pledge Agreement and which shall be amended time by time in accordance with the Pledge Agreement; for the avoidance of any doubt, the Pledged Assets

shall not comprise the Other Pledged Assets. For the purposes of this section of the Base Prospectus Pledgor's Loan Portfolio means present and future monetary claim rights of the Pledgor against Pledgor's Clients, including the rights to claim and receive payments of all moneys including any debts, interest payments, commissions, penalties and/or performance of all and any other obligations (voluntary or by enforcement) due to or for the benefit of the Pledgor under or in connection with all present and future claim rights under the Pledgor's Agreements". The Pledgor's Loan Portfolio shall be calculated as the sum of loans and receivables minus allowances for loss of the Pledgor as set forth on the balance sheet of the Pledgor as of the Relevant Period ending on the last day of the period covered by the most recent financial report of the Pledgor, prepared in accordance with the applicable accounting principles. List of Pledged Assets means, at any time, the list of Pledged Assets containing a summary description of each Borrower's Loan Agreement to be subject of the Pledged Assets, as listed in the form of Schedule 1 to the Pledge Agreement as such may thereafter be amended or substituted in the same form of Schedule 1 in accordance with the Pledge agreement. Other Pledged Assets – means 60% (sixty percent) or more of the Pledgor's Loan Portfolio, i.e. everything not covered by claims deriving from the List of Pledged Assets that secures in full the Secured Obligations, which is pledged in favour of the security agent. Secured Obligations mean all payment obligations which are or may at any time and from time to time hereafter be due by the Pledgor to the Pledgee pursuant to the Cooperation Agreement and /or Loan Agreements for the previous set up and/or the new Cooperation Agreement and/or the new Loan agreements for the new set up to it including repayment of any amount paid, payment of interest, fees, commissions, charges or penalties of any kind, on the date such payments fall or become due as specified in the Cooperation Agreement and /or Loan Agreements for the previous set up and/or the new Cooperation Agreement and/or the new Loan agreements for the new set up to it, as applicable, or as a result of an acceleration of payment according to the terms of the Cooperation Agreement and /or Loan Agreements for the previous set up and/or the new Cooperation Agreement and/or the new Loan agreements for the new set up to it, or otherwise as specified by the Cooperation Agreement and /or Loan Agreements for the previous set up and/or the new Cooperation Agreement and/or the new Loan agreements for the new set up to it.

Representations and warranties

The Pledge Agreement contains several representations and warranties made by the Pledgor. The Pledgor has represented and warranted, including, but not limited to the Issuer that:

- b) the Pledgor is the owner of, and has exclusive title to the Pledged Assets;
- c) no lien exists over any of the Pledged Assets;
- d) the Pledgor is fully entitled to enter into the Pledge Agreement and submit all declarations and assurances contained therein;
- e) all Pledged Assets are transferable, and the Pledgor is entitled to dispose of them (including disposal and encumbrance), no legal actions, decisions of state courts or arbitration courts or administrative acts introduce any restrictions whatsoever to dispose of receivables constituting Pledged Assets;
- f) no court, enforcement, administrative proceedings or any other similar proceedings in any jurisdiction are pending with respect to the existence of any of the receivables included in the Pledged Assets, and none of the above-mentioned proceedings are pending against the Pledgor, which could have a negative impact on performance of the Pledgor's obligations or rights under the Pledge Agreement, as well as the validity, effectiveness or priority of security established under the Pledge Agreement and there are no other circumstances that could result in challenging the establishment and perfection of the Pledge;

- g) the Pledged Assets are free from any liens, encumbrances and/or rights of third parties, in particular they are not subject to any kind of agreement regarding assignment, sale, exchange, donation, Pledge, financial collateral, and are not subject to any distraint, injunction or similar measure;
- h) no application has been made to the Registry of Movable Proprietary Security Rights maintained by the Ministry of Justice of the Republic of Moldova for the entry of a Pledge over the Pledged Assets and no such application will be made;
- i) the conclusion and performance of the Pledge Agreement is not inconsistent with any law, contractual provision, court decision, arbitration award, administrative act binding the Pledgor, which the Pledgor is a party to;
- j) all corporate consents required by law to establish the Pledge over Pledged Assets were duly obtained;
- k) there are no facts, events or circumstances related to the Pledgor or the Pledged Assets, or any breach of Moldavian law or other applicable law that could have a material adverse effect on the legality, validity or effectiveness of the Pledge or the possibility of satisfying secured obligations under the Pledge Agreement;
- l) there are no facts or circumstances related to the Pledgor or the Pledged Assets, as a result of which the grounds for establishing the Pledge under the Pledge Agreement could be revoked or otherwise annulled.

Registration of the Pledge and Undertaking of the Pledgor

The Pledgor at its own expense shall promptly take or cause to be taken all steps and actions required to register the Pledge, and as soon as the Pledge is registered provide the Pledgee with a copy of a document certifying this fact.

The Pledgor undertook among others the following:

- a. not to do, cause or permit to be done anything that may in any way jeopardize or otherwise prejudice the Pledge Assets;
- b. to remain liable to perform all the duties and obligations with respect to the Pledged Assets.

Enforcement of the Pledge and application of the proceeds

If, upon the occurrence of an Event of Default, the Pledgee decides to exercise any of its rights to enforce the Pledge, the Pledgee shall send an enforcement notice to the Pledgor (and, in relation to each of the Pledged Assets, to the Beneficiary), and subsequently file a copy of the enforcement notice with the the Registry of Movable Proprietary Security Rights maintained by the Ministry of Justice of the Republic of Moldova which shall comply with the requirements set forth by the applicable law.

Within enforcement, the Pledgee shall be entitled to take, without limitation, the following actions:

- (1) require and compel each such debtor to perform any or all of its respective obligations in respect of such Pledged Assets; and/or
- (2) require and compel each such debtor to make all its respective payments or other performances under such Pledged Assets to an assignee specified by the Pledgee.

Upon the request of the Pledgee, the Pledgor shall promptly transfer to the Pledgee or to the assignee

appointed by the Pledgee the originals of the entire Pledged Assets documentation and the credit files, with respect to each of the Pledged Assets, in such a way as to allow the Pledgee or the assignee to fully and unconditionally act as a secured creditor with respect to any Beneficiary, in accordance with the Pledged Assets documentation.

The Pledgee shall have the right to apply the proceeds from the enforcement of the Pledged Assets towards the recovery of the costs, charges and expenses incurred in connection with such sale or administration and the satisfaction of all Secured Obligations, in the order determined by the Pledgee.

In the event that, as a result of enforcement of the Pledge, the amounts obtained shall not be sufficient to irrevocably satisfy in full the Secured Obligations, the Pledgee shall have the right to recover the balance from the other property of the Pledgor in accordance with the applicable law.

Governing law and Jurisdiction

The Pledge Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and shall be construed in accordance with the laws of the Republic of Moldova.

Any dispute, controversy or claim arising out of or relating to the Pledge Agreement shall be settled by the competent courts of the Republic of Moldova.

7. THE SPV (LENDER)

○ Business overview

The SPV is a special purpose undertaking established for the sole purpose of issuing loans to the Lending Company as well as several other lending companies that Mintos cooperates with and selling those loans to the issuers for issuance of financial instruments as well as directly to the investors on Mintos Platform when the investors make investments by way of assignment agreements. Loan Receivables sold to the Issuer back the Notes issued and offered to Investors on the Platform. The SPV does not take part in any other business activities.

The SPV is incorporated as a limited liability company (in Latvian: *sabiedrība ar ierobežotu atbildību*) and registered in the Register of Enterprises of the Republic of Latvia on 29 September 2016 under the name SIA Mintos Finance with registration number 40203022549. It operates under the laws of the Republic of Latvia and has its registered office at Skanstes 50, Riga, LV-1013, Latvia.

The share capital of the SPV is EUR 2800 consisting of 2800 shares having a nominal value of EUR 1 per share, which is fully paid up. Each share is entitled to one vote. The sole shareholder of the SPV is AS Mintos Holdings.

The SPV has no subsidiaries and does not own any shares or equity.

The SPV is managed by the Management Board, the members being appointed by AS Mintos Holdings as the sole shareholder of the SPV:

Title	Name	Other roles
Chairman	Martins Sulte	Chairman of the Management Board of AS Mintos Holdings, SIA Mintos Capital Management, Issuer and Mintos
Member	Martins Valters	Member of the Management Board of AS Mintos Holdings, SIA Mintos Capital Management, Issuer and Mintos

○ Activities

The activities of the SPV are as follows:

- issue Loans to the Lending Company and loans to other lending companies that use the Platform;
- sell Loan Receivables that arise from Loans to the Issuer;
- transfer Loan repayment received from the Lending Company to the Issuer;
- publication of financial and other information to Investors in accordance with applicable law.

○ Loans

The Lending Company issues Borrowers' Loans to Borrowers, then requests disbursement of a loan from the SPV in amount that is no more than 90% of the principal amount of each Borrower's Loan, and then the SPV sells the relevant Loan Receivables to the Issuer. The Issuer issues a Series of Notes corresponding to these Loan Receivables to Investors via Mintos. When an Investor purchases any Note of the Series, the Investment Accounts are credited with the Note and debited with the purchase

price of the Note. The purchase price is transferred to the SPV. After receipt of the purchase price, the SPV makes the disbursement of the Loan to the Lending Company.

Loans issued by the SPV to the Lending Company have the same schedule as the Borrowers' Loans to which the repayment of Loans is tied to. Hence, the average Loan term and its range are expected to be the same as described in the Section No 10. THE BORROWER'S LOANS. As the Loan cannot be more than 90% of the principal amount of the Borrower's Loan to which the repayment of the Loan is tied to, the average Loan amount and its term is expected to be no more than 90% of the values described in the Section No 4. TRANSACTION OVERVIEW.

Loans are secured by a pledge as described under the Transaction Documents section.

- **Financial information**

The latest available reviewed historical financial statements of the SPV prepared in accordance with the law "On Accounting" and the "Law on the Annual Financial Statements and Consolidated Financial Statements" is available on Mintos website:

"..Regarding the way of presenting, structure and general content of the complete Financial Statements, including the presentation of the information, and the extent in which complete Financial Statements are reflecting transactions and basic events in a manner that achieves faithful presentation, we find that some information is not classified and presented correctly, namely contrary to the stipulations pt.209 SNC "Presenting Financial Statements", in Cash Flow Statement (Annex 6) at row 100 "Payments related to real estate assets inflows", there was not reflected the cash paid for the acquisition and/or creation of fixed assets"

Audited Financials 2021

There are the following key audit aspects in auditor's opinion for the financial year ended on 31 December 2021:

"[3] The Company did not perform an inventory of ATM balances by recounting cash at the end of the fiscal year (see Note 6). Accordingly, we were unable to obtain, through alternative procedures, sufficient and appropriate audit evidence to ensure the existence and completeness of the cash balance at that date and were unable to determine the effect of possible differences in the inventory of ATM cash on the financial position and financial results for the year ended December 31, 2021 or any adjustments that may have been necessary.

[5] We draw attention to Note 20 to the financial statements, which describes the risks to the Company that could be affected by the declaration of a state of emergency on 24 February 2022 for a period of 60 days. Our opinion is not modified on this matter. "

○ **Auditors**

The statutory auditors of the audited financial statements as of and for the financial year ended 31 December 2021 was ICS Baker Tilly Klitou and Partners SRL, incorporated under the laws of Republic of Moldova, having its registered office at 65 Stefan cel Mare bl, 7th floor, of. 715, MD- 2001, Chisinau mun., Republic of Moldova, licence AMMII nr. 056038 din 13.09.2017.

○ **Litigation**

The Lending Company (whether as a defendant or otherwise) is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Lending Company is aware) in the 12 months preceding the date of this Base Prospectus which may have, or have in such period had, a significant effect on the financial position or profitability of the Lending Company.

○ **Loans issuance process**

The steps in the consumer loan underwriting process include, in order: (i) borrower application for a financing product, (ii) borrower registration and identification, (iii) risk assessment and scoring with respect to the borrower and (iv) agreement on and issuance of the financing product.

- **Loans underwriting**

The majority of the Lending Company's customer applications come from online web profile-based applications, yet it can come from different sources, e.g., application at the Lending Company's branch, application at a shop, application on a smartphone, application by phone call.

The Lending Company's customer identification methods depend on local regulations and the available sources of information about the customer. The verification can involve both manual and automated operations, depending on both the customer and the loan application. If needed, the potential borrower is asked for further information, preliminary fraud and blacklist checks are performed. The internally developed scoring tool, while taking into account parameters designed for each local market and being in compliance with local regulatory requirements, gives a clear score that enables an informed granting decision.

After the data has been checked, the loan is approved, and thus issued, or it is rejected.

- **Loans issuance and disbursement**

The Loan documentation can be signed physically in the Lending Company's branches or by signing digitally, using mobile platforms. The Loan disbursement process depends on the Borrower preferences. The most classic form of pay out (from the Lending Company's account to the Customer's bank account) is also the least used. More often, it is completed in the form of handing over the purchased goods at the shop to the customer, the disbursement of cash over the counter of the Lending Company's partners such as the post office, or an increase of the available balance on the customer's debit or credit card. The Lending Company does not handle cash operations itself.

- **Debt recovery management**

The Lending Company has established an efficient and effective debt collection process. It has a dedicated team and follows debt collection practices that are fully compliant with local regulations.

The Lending Company uses the following debt collection methods:

- (i) In-house debt collection

The Lending Company's philosophy is to strive for successful debt collection by having a dialogue with the customers to help them to find the best way to repay their loans and to become the Lending Company's long-term customer. Since payment is 1 day overdue, the Company launches its reminder system (auto-calls, texts, e-mails, letters) The customer is informed about the overdue amounts, the further actions if payment will not be made, and the Company contacts to discuss the potential options. Different tools can be offered to the customers for convenient repayments: suspension (namely a right to suspend the monthly repayment for a certain amount of time) or another loan product (namely a loan product according to which the original instalment plan is amended in order to permit the customer to repay the remainder of the loan by means of smaller monthly instalments paid for a longer period than originally agreed upon).

When the customer has failed to perform his contractual duties, the Lending Company can unilaterally terminate the single loan agreement. The overdue loan is terminated when the overdue loan reaches 50 days if the return solutions to the instalment table are not efficient. After agreement termination, the customer is still offered to restructure the loan repayment into smaller regular repayments instead of a total sum repayment.

- (ii) Outsourced debt collection

As soon as the in-house debt collection process has been completed and the Lending Company evaluates that there still is potential for collection, it proceeds with the next debt collection steps. Several debt collection companies are used for better efficiency, including sequential usage of companies if the first collection company has failed to recover the amounts due.

9. THE LOANS

○ **Legal nature, jurisdiction and the applicable law of the Loans**

The Loans are business loans made under the Cooperation Agreement on Issuance of Loans and the respective SPV Loan Agreements concluded thereunder. The Cooperation Agreement on Issuance of Loans is an agreement between the respective parties on a revolving credit line with a maximum amount that is permitted for the Loans thereunder.

The interest for the reservation of funds and interest for use of the Loan accrue at the same rate. The interest for the reservation of funds accrues from the day when the SPV Loan Agreement was concluded until the Loan is advanced to the Lending Company, and from when the Loan is advanced the interest for the use of the Loan applies.

The Cooperation Agreement on Issuance of Loans and the SPV Loan Agreements is in the English language.

For more information on the Cooperation Agreement on Issuance of Loans see section entitled '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – The Cooperation Agreement on Issuance of Loans'

○ **Repayment and maturity**

The principal amount, the interest for the reservation of funds and interest for use of the Loan are payable when the Borrower of the Borrower's Loan that is the source of repayment of the respective Loan makes a payment thereunder to the Lending Company, however no later than until the maturity date set forth in the SPV Loan Agreement or as extended according to this Base Prospectus.

If before the final maturity date set forth in the SPV Loan Agreement the Repurchase obligation or rights are triggered or if the Buyback Obligation applies the Lending Company has to repay the Loan together with the interest and other ancillary payments accrued thereon when the respective obligation or right is triggered, irrespective of it being before the final maturity date.

For more information see section entitled '4. TRANSACTION OVERVIEW'.

○ **Security**

The Lending Company offered pledge over claims included in its business portfolio, which cannot be less than the obligations under the Cooperation Agreement on Issuance of Loans and the respective SPV Loan Agreements.

The Guarantee of the Guarantor, in accordance with the Guarantee Agreement No. LVMM/06-07-2022-150.

For more information on the Cooperation Agreement on Issuance of Loans see sections entitled '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – The Pledge Agreement' and '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – The Guarantee Agreement'.

○ **LTV (loan to value)**

The maximum Loan-to-value ratio for the credit line issued under the Cooperation Agreement on Issuance of Loans is 85%.

10. THE BORROWERS' LOANS

○ Legal nature, jurisdiction and the applicable law of the Loans

The Borrowers' Loans are consumer loans made under the Borrowers' Loan Agreements. The principal amount and interest as well as the fees are payable on the basis of the pre-agreed repayment schedule during the term to repay the Loan in full at maturity.

The Borrower is requested to pay a few fees, for example, the commission fee for examining the application, the monthly administration fee etc. The Borrower may be required to pay a penalty for events specified in the Borrower's Loan Agreement.

The Borrower is required to pay for additional costs specified in the Borrower's Loan Agreement, such as any expenses for registration of the pledge (if any).

The Borrower's Loan Agreement is subject to the amendment and/or variation from time to time as provided in the section entitled '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – Extensions' of this Base Prospectus.

The Borrower's Loan Agreement is in the Moldovan language. The Lending Company has provided an English translation of the Borrower's Loan Agreement for informational purposes at www.mintos.com. Any discrepancy or difference due to the translation is not binding and has no legal effect. Neither the Issuer nor Mintos bears any responsibility for the accuracy of the English translation from the Loan Agreement in the Romanian language.

The Borrower's Loan Agreement is governed by the laws and regulations of the Republic of Moldova.

○ Repayment and maturity

Under the Borrower's Loan, the Borrower makes payments of principal and interest on a pre-agreed schedule. The annual percentage rate (APR) ranges from 0% to 73 %. The term ranges from 1 month to 72 months with the average term being 20 months.

The Borrower can repay the Loan in full at any time. In this case, the Lending Company has the right to request the following amounts: the remaining amount of the Loan (unpaid), in full; the remaining amount of the commission for examining the Loan application, the payment of which was agreed to be made in instalments; other commissions and payments if these are provided by the Repayment Schedule, unless

The Lending Company unilaterally waives certain commissions in favour of the Borrower; the compensation provided by the law of Moldova is as follows:

a) 1% of the amount of the Loan repaid in advance, if the period between the early repayment and the agreed termination of the Borrower's Loan Agreement is more than one year;

b) 0.5% of the amount of the Loan repaid in advance, if the period between the early repayment and the date agreed for the termination of the Borrower's Loan agreement is not more than one year.

In the event of the intention to repay the Loan in advance, the Borrower is obliged, before making any payment to contact the Lending Company, to record the request for early repayment and obtain accurate calculations for the amounts to be paid on the day of early repayment of the Loan.

If the amounts paid by the Borrower are insufficient to fully cover the outstanding debt, then the accounting order agreed for each repayment received by the Lending Company is as follows: from the

net amount received, penalties are first calculated and deducted (if applicable), then other fees (if any), then interest, then the commission fee for examining the application, the payment of which was agreed to be made in instalments, and finally the amount of the credit.

- **Economic environment in Moldova**

Despite a solid economic performance over the past two decades, Moldova still remains among the poorest countries in Europe. Although a growth model reliant on remittance-induced consumption has generated high growth and reduced poverty, it had become less sustainable well before the COVID-19 pandemic. The pandemic and a severe drought in 2020 more starkly exposed the vulnerabilities of this growth model to shocks. With a subsequent decline in GDP of 7 percent in 2020, Moldova was among the countries in Europe most affected by COVID, which significantly impacted households and businesses across the country.

A strong increase in wages, remittances, and social transfers contributed to a robust increase in private consumption. Investments registered an almost 25 percent increase on the back of favourable monetary conditions. Strong domestic demand and restocking after the lockdown led to a significant drag on growth from net exports, but all sectors of the economy have signalled positive developments after the sharp contraction last year.

Under the assumptions of a successful containment of the pandemic, implementation of a broad-based reform program by the new Government, and a sustained fiscal impulse, economic growth is expected to remain above 4 percent in the medium term. Strong domestic demand and higher global energy prices are expected to propel the current account deficit. Inflation is expected to breach the central bank corridor in 2022 and stabilise to 5 percent in 2023.

- **General description of the Borrowers**

At the end of 2021, the lending Company had over 433 thousand people in its database. The proportion of women and men is 48% and 52% respectively. The customers under 45 years of age represent 75% of the total number of customers.

At the end of 2021, approximately 36% of the credit portfolio of the Lending Company was represented by credit products with a maturity of more than 12 months and 64% of the performing credit portfolio was represented by credit products with a maturity of up to 12 months.

The average credit amount exceeds 10,000 MDL, while credit amounts vary between 500 MDL and 250,000 MDL. The Lending Company aims to serve only customers with a permanent job and stable income. The amount of the issued credits is based on personal identification and personal credit assessment. For a new applicant, the credit rating depends on the comparison of the applicant's relevant parameters with the respective statistical parameters of groups of high-performing and low-performing customers and certain databases. For repeat customers, the Lending Company applies personal credit assessment, which is based on individual performance data. During 2021, an average of 87.8% of credit prepayments were made in accordance with the credit agreements or with a maximum delay of 30 days.

On average, 63% of the Lending Company's credit applications are approved. The credits are managed through an external network of partners (such as shops, payment service providers, postal agencies) and the company's retail branches. By the end of 2021, the Lending Company had 12 branches and 1350 partner stores. The company manages money only through bank accounts and its own chain of cardless ATMs and does not carry out cash transactions via cash desks.

- **Loan portfolio data**

As of 31 of March 2022, Lending Company's total portfolio of gross receivables was MDL 674.4m. The cross-section of the lending Company's portfolio in terms of Days Past Due (DPD), reflected below. It can be pointed out that during 2021, the current part of the total gross portfolio has increased, approaching 70% proportion from total. The part of the portfolio that is overdue for not longer than 60 days has been consistently under 10-11%.

The financial product offering of the Guarantor through its subsidiaries consists of shop loans (point of sales), cash loans (instalment loans), car loans and credit cards. The potential lies in a broad targeted customer base with demand for low - to mid-value consumer goods including cars. The business model is built around high demand for personal finance solutions in under-banked markets with high GDP growth and low public/private debt.

The Guarantor under this Base Prospectus and Notes issues will overtake the guarantee obligations arising from the Lending Company's obligations under the Transaction Documents, including, but not limited to, Repurchase and Buyback Obligations. For more information, please see '4. TRANSACTION OVERVIEW – THE TRANSACTION DOCUMENTS' of this Base Prospectus.

○ Business strategy description

The Guarantor aspires to become the leading customer centric lending company that focuses on providing loans and credit to people in need of obtaining funds in a fast and comfortable way by using different channels, partners and providers for application processing and payment of funds. The main concentration of customers currently lies in Eastern and South-Eastern European countries such as Moldova, Albania, North Macedonia, Bulgaria, and Bosnia Herzegovina, with day-to-day support from the headquarters in Estonia.

In the Guarantor's view, the future of personal finance will be based on instalments. According to the Guarantor the subscription and pay-as-you-go based economy will expand along with development of technology and regulatory frameworks. In history, humankind has moved from long-term and big

subscription- based deals, such as mortgage, into smaller units, such as car leasing, and the Guarantor sees further movement towards even smaller transactions: to the effect where it is common to split the regular monthly income fully between various subscriptions. Some of those subscriptions can be credit repayments. The goal of the Guarantor is to make subscriptions a very easy, seamless part of everyday life and everyday consumption.

The Guarantor is actively seeking new markets where to offer the services and the Guarantor is constantly looking for ways to be closer to their customers. The Guarantor’s mission is to offer the best experience to its customers in the field of personal finance. The customer’s daily needs are met in an easy and seamless way. Further, the provided services are also fast and comfortable. The Guarantor also believes in human interaction. Artificial Intelligence and financial technology are helpful, however, they are not the exclusive answer to the finance questions and issues that may be encountered by the customers. Besides the assistance of technologies, there is a necessity for human interaction to properly address the customer’s needs: the Guarantor believes that nothing replaces the sincere human smile and attention.

[Auditors report contains the following matters on the Basis of the qualified opinion:](#)

“The Group’s investment in luteCredit Kosovo JSC, a former foreign subsidiary, which is accounted for under the fair value method is carried at EUR 6,999 thousand on the consolidated statement of financial position as at 31 December 2020 (EUR 4,587 thousand as at 31 December 2019). As described in Note 27 to the accompanying consolidated financial statements, on 6 December 2019 luteCredit Kosovo JSC received a notice from the Central Bank of Kosovo that its microfinance licence had been revoked with immediate effect and a liquidator had been appointed to close the business in Kosovo. The event resulted in the Group losing control over the subsidiary and accordingly, the Group derecognised the assets and liabilities of the subsidiary and recognised the retained investment as a financial asset at fair value through profit or loss.

Due to the fact that we were unable to obtain reliable evidence to support management’s assumptions used in the estimation of the fair value and future cash flows of the investment as well as the uncertainty associated with the liquidation process of luteCredit Kosovo JSC, we are unable to express our opinion on the fair value of the investment in luteCredit Kosovo JSC and related adjustments in the consolidated statement of comprehensive income. We were not able to satisfy ourselves concerning the amount by which the recoverable amount of the investment is lower than its carrying amount and the amount in which an impairment loss should have been recognised by alternative means either. Accordingly, we are unable to conclude whether and to what extent the Group’s consolidated comprehensive income for the reporting period and the comparative period may be overstated and the Group’s consolidated assets and equity as at 31 December 2020 and 31 December 2019 may be overstated for the above reason.

Other Matter

The Group’s consolidated financial statements for the year ended 31 December 2019 were audited by another auditor who expressed a qualified opinion on those consolidated financial statements on 25 February 2020 due to the inability to obtain sufficient appropriate audit evidence regarding the fair value of luteCredit Kosovo JSC as at 31 December 2019 of EUR 4,587 thousand. “

1. UNDERTAKINGS OF THE ISSUER

The undertakings in this Condition 1 remain in force for so long as any of the Notes are outstanding.

1.1 *Authorisations and compliance with laws*

The Issuer will promptly obtain, comply with and do all that is necessary to maintain in full force and effect any authorisation required under any law or regulation of Latvia to enable it to perform its obligations under the Notes or own title in the Loan Receivables, and carry on its business as it is being conducted. The Issuer will comply in all respects with all laws to which it is subject.

1.2 *Negative covenants*

Other than in connection with the Notes or as provided in the Base Prospectus, the Issuer will not:

- (a) sell, transfer, create any security over or otherwise dispose of any of the Loan Receivables;
- (b) incur or permit to be outstanding any financial indebtedness;

- (c) be the creditor in respect of any loan or any form of a credit to any person, other than the Lending Company or as permitted under the Transaction Documents;
- (d) give or allow to be outstanding any guarantee or indemnity to or for the benefit of any person in respect of any obligation of any other person;
- (e) carry on any business other than as a special-purpose pass-through undertaking established for the purpose of issuing and offering Notes, which are backed by the Loan Receivables, to Investors on the Platform; or
- (f) use the Issuer's Account for any purpose other than as provided in these Terms and Conditions and the Transaction Documents.

2. GENERAL

- 2.1 The Issuer under these Terms and Conditions together with the corresponding Final Terms has authorised the creation, issue and sale of the Notes to provide funds to the Issuer to purchase Loan Receivables in accordance with the Purchase Agreement. The issue of Notes on the Issue Date specified in the Final Terms will correspond to the Issuer obtaining title to the Loan Receivables with a total amount equal to the Aggregate Nominal Amount.
- 2.2 Subject to Condition 25, the Issuer will obtain the title to the Loan Receivables on the condition that Mintos has determined that it has all the data it requires in relation to the Loan Receivables in accordance with the Purchase Agreement and the Transfer Document. The condition in no case implies either the Issuer or Mintos has any obligation to examine, verify or assess such data, including, through the use of any documentary evidence.
- 2.3 In each case where amounts of principal, Interest, other return and additional amounts (if any) are payable in respect of the Notes, the obligations of the Issuer to make any such payment will constitute an obligation only to account to the Noteholders on each date on which such amounts are due, for an amount equal to amounts of principal, Interest, other return and additional amounts (if any) actually received by the Issuer in relation to the Series Specific Loans.
- 2.4 Neither the Issuer nor Mintos are liable to make any payments in respect of the Notes other than as expressly provided in these Terms and Conditions.
- 2.5 Save for any fees payable to the Lending Company, Mintos and the Backup Servicer (if any), so far as the Issuer is aware, no person involved in the issue of the Notes has a material interest in the offer of the Notes.

3. STATUS

- 3.1 The Notes constitute direct, general, unsubordinated and limited recourse debt obligations of the Issuer, which rank *pari passu* among themselves; and at all times these obligations rank at least *pari passu* with all other present and future direct, general, unsubordinated and limited recourse obligations of the Issuer arising from the present and further Series, except for those obligations as may be preferred by applicable law.
- 3.2 No proprietary or other direct interest in the Issuer's rights under or in respect of any of the Transaction Documents, the Purchase Agreement, the Transfer Document, the Guarantee Agreement, the Pledge Agreement and the Loan Receivables, exists for the benefit of the Noteholders. Subject to these Terms and Conditions, no Noteholder will and will have any right to enforce any of the Transaction Documents and the Loan Receivables, or any direct recourse

to any of the Lending Company, the Borrowers, the Guarantor and the pledgor under the Pledge Agreement.

4. FORM

The Notes are issued by the Issuer in registered form and are deposited and held as book-entry with Mintos.

5. ISSUE OF NOTES

The Notes are issued on the Issue Date in the Aggregate Nominal Amount, the Specified Denominations and the Specified Currency as specified in the Final Terms.

6. REGISTER, TITLE AND TRANSFERS

6.1 Mintos maintains an electronic register of Noteholders in accordance with the Cooperation Agreement. No certificates will be issued to any Noteholder in respect of its holding.

6.2 Each Noteholder will (except as otherwise required by law) be treated as the absolute owner of any relevant Note for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust, nominee ship or any other interest in the Note), and no person will be liable for so treating the Noteholder.

6.3 The Notes are held and freely transferred only between the financial instrument accounts at Mintos of Noteholders. No application has been or will be made to trade the Notes on any regulated market or any other trading venue, other than the Platform.

6.4 A transfer of any Note between the Noteholders may be affected by Mintos which may require as conditions to the transfer of (a) provision of documents and information, (b) payment of any transfer fee and (c) payment of any tax or other governmental charges, in each case, by the relevant Noteholder in accordance with terms and conditions of the Platform.

7. PRIORITY OF PAYMENTS

All funds received by the Issuer in relation to the Series Specific Loans, irrespective whether indicated as corresponding to the relevant Series Specific Loan or not, to the extent legally permitted, will be applied by the Issuer in the following order of priority:

- (a) *first*, in or towards payment of any amounts owed by the Issuer to any tax authority and required to be paid by the Issuer under or pursuant to the Notes;
- (b) *second*, in payment or satisfaction of all fees and penalty fees then due and unpaid to Mintos by the Lending Company under the Cooperation Agreement;
- (c) *third*, in or towards payment or satisfaction of all amounts then due and unpaid as commissions, fees, costs, charges, expenses and liabilities incurred or payable for servicing of the Loan Receivables if (i) the Issuer or any person designated by the Issuer has taken over the servicing of the Loan Receivables or (ii) any event of default of the Lending Company has occurred under any of the Transaction Documents and the Issuer acts for the purposes of recovery of funds includes filing a claim in the liquidation, insolvency or other administrative proceedings of the Lending Company, or enforcing any legal rights;
- (d) *fourth*, in or towards payment or satisfaction of any costs, including legal fees, for any

action to recover funds, collect or restructure payment obligations, or taking any other actions to receive the Loan Receivables;

- (e) *fifth*, in or towards payment or discharge of all amounts which are due to the Backup Servicer, if any;
- (f) *sixth*, to the Noteholders in or towards the payment or discharge of all amounts of Interest and principal (Late Payment Interest or penalty fee or other assigned claim, if any, in the order that is set forth with respect to the particular Loan Receivable) then due and payable under or in respect of Series, Repurchase prices and/or Buyback Obligation prices, unless the Buyback Obligation price is discharged next according to 7 (g) below. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest Payment Event to the Series Specific Loan having newest Payment Event, and then applying pro rata approach on each particular Series level; and
- (g) *seventh*, to the Noteholders in or towards the payment of the Buyback Obligation price, if the Lending Company is late in making payments due to the Issuer for 14 (fourteen) days or another period that the Issuer finds material. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest buyback related Payment Event to the Series Specific Loan having newest buyback related Payment Event, and then applying pro rata approach on each particular Series level; and
- (h) *eight*, to the Noteholders in or towards the payment of Notes' pro-rata portion of the Pending Payments Penalty Fee (if any). Such a pro-rata portion shall be applied towards all impacted Series.

Neither the Issuer nor Mintos will be liable for applying the Priority of Payments, including for any minor errors, pursuant to Condition 25.

8. INTEREST

8.1 *Payment of Interest*

Each Note bears Interest from (and including) the date on which the Note is subscribed by the Noteholder. Interest will be calculated in accordance with Conditions 8.2 and 8.3, and payable in the Specified Currency in arrears on each Interest Payment Date.

8.2 *Accrual of Interest*

The Interest payable on any Interest Payment Date in respect of each Note is as follows:

Loan Interest Rate X Series Specific Loan Principal Amount Outstanding X Day Count

Where:

Series Specific Loan Principal Amount Outstanding, is the principal amount of the Series Specific Loans which is scheduled to be outstanding (even if the principal amount is redeemed later) on the day immediately before the Loan Interest Payment Date which is immediately before the Interest Payment Date.

Day Count, unless otherwise specified in the Final Terms, the actual number of days in the immediately preceding Interest Accrual Period, divided by 360.

8.3 *Accrual of Late Payment Interest*

The Late Payment Interest (if specified as being applicable in the Final Terms) payable on any day on which the Issuer receives the Principal Amount Due in respect of each Note is as follows:

Late Payment Interest Rate X Principal Amount Due X Day Count

Where:

Principal Amount Due, is the principal amount of a Series Specific Loan which was due on the Loan Repayment Date but not paid under the relevant Series Specific Loan provided that there will be no Principal Amount Due if paid within the Grace Period; and

Day Count, unless otherwise specified in the applicable Final Terms, the actual number of days from (but excluding) the day on which the Principal Amount Due becomes due to (but excluding) the day on which the Issuer receives the Principal Amount Due or, if the Buyback Obligation or Repurchase applies, the relevant Payment Event, divided by 360.

Any payment of Interest or Late Payment Interest will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

9. **PRINCIPAL REDEMPTION**

9.1 *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified in these Terms and Conditions, each Note will be redeemed at the then Principal Amount Outstanding on the Maturity Date.

9.2 *Early Redemption*

A proportion of the Principal Amount Outstanding of the Notes will be redeemed *pro rata* on each Redemption Date and at any other time any principal payment from any of the Series Specific Loans is received by the Issuer, without any prior notice to Noteholders. The Principal Amount Outstanding of the Notes redeemed will be in the same proportion as the proportion that the principal payment received by the Issuer has to the total principal amount outstanding of all the Series Specific Loans immediately before the principal payment. Any accrued but unpaid Interest associated to that proportion of the Principal Amount Outstanding of the Notes being redeemed will be paid at the same time.

Any repayment of the Principal Amount Outstanding will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

10. **INTEREST AND PRINCIPAL DETERMINATION**

10.1 Mintos determines (a) the amount of Interest and the Late Payment Interest (if any) payable in accordance with Condition 8 for each Interest Payment Date and (b) the amount of principal payable in accordance with Condition 9 on each Redemption Date and the Maturity Date, on its review of the following information:

- (i) the Payment Events which have arisen;
 - (ii) aggregate payment amounts paid by the Borrowers which have been received from the Lending Company;
 - (iii) the Buyback Obligation and Repurchase which have arisen; and
 - (iv) the amounts then due and owed by the Issuer according to the Priority of Payments on the Interest Payment Date, the Redemption Date or the Maturity Date.
- 10.2 On each Interest Payment Date, each Redemption Date and the Maturity Date, Mintos on the Issuer's behalf will direct the payment of Interest and principal amounts to the Noteholders in accordance with Condition 11.
- 10.3 If after application of the Priority of Payments the Issuer has insufficient funds on any Interest Payment Date, any Redemption Date or the Maturity Date to make a payment of Interest or principal in full as required by Conditions 8 and 9, on behalf of the Issuer, Mintos at its sole discretion may decide that the Issuer pays part of the amount due or defers the payment until the full amount due is available, and such partial payment or deferral will not constitute an Event of Default under these Terms and Conditions.
- 10.4 All determinations, calculations and adjustments made by Mintos will be made in conjunction with the Issuer and will, in the absence of manifest error, be conclusive in all respects and binding upon the Issuer and all Noteholders.

11. PAYMENTS

11.1 *Payments of Interest and principal*

Subject to Conditions 7 and 12, the Issuer will, from any Available Distribution Amount:

- (a) pay the Interest on the Notes in accordance with Condition 8 on each Interest Payment Date; and
- (b) redeem the Notes in accordance with Condition 9 on each Redemption Date and the Maturity Date.

11.2 *Notes contingent payments*

All payments of Interest and principal by the Issuer under the Notes are dependent on the Issuer having received information on the Payment Event and the Available Distribution Amount being sufficient to make the relevant payments in accordance with the Priority of Payments. The Notes will not give rise to the Issuer having any payment obligation in excess of the foregoing.

Any overdue payment of Interest or principal under any of the Series Specific Loans that have been collected by the Lending Company (including by its external debt collection agency) will be paid to the Issuer as an Available Distribution Amount which will be paid in accordance with the Priority of Payments on the date determined by the Issuer at its sole discretion.

11.3 *Pending Payments Penalty Fee*

Not applicable.

11.4 *Loan extension*

The Lending Company may modify any of the Borrowers' Loans linked to the Series Specific Loans without approval of the Issuer, the SPV and the Noteholders, provided that payments from the relevant Borrower remain unchanged.

If 'Extension possibility' is provided in the Final Terms, the Lending Company may extend the repayment schedule of one or more Borrowers' Loans linked to the Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer, the SPV or the Noteholders provided that (a) there is no event of default under any of the Borrowers' Loans linked to the Series Specific Loans, (b) any change is restricted by 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms and (c) any change is notified on the Platform to the Noteholders. The extension of Borrower's Loan leads to extension of the Loan that it is linked to.

The Lending Company may also extend the repayment schedule of one or more Borrowers' Loans linked to the Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer, the SPV or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal provided that any change is notified on the Platform to the Noteholders

11.5 *Loan Receivables subject to Buyback Obligation or Repurchase*

Any Loan Receivable subject to the Buyback Obligation or Repurchase (i) will be repurchased by the Lending Company at a price equal to the outstanding principal amount of the Loan Receivable together with any accrued but unpaid Interest and any Late Payment Interest up to (but excluding) the repurchase date, or (ii) the respective Loan will be repaid to the SPV in full together with any accrued but unpaid Interest and any Late Payment Interest up to (but excluding) the full repayment date.

11.6 *Insufficient funds on the Maturity Date*

If any amounts on the Notes are outstanding on the Maturity Date, the Maturity Date will be automatically postponed to the date that is the earlier of (a) the date on which all amounts due and payable under the Notes are paid and (b) the date referred to in Condition 11.7, and Interest will not accrue on the Notes (other than Pending Payments Penalty Fee, if applicable) and any Available Distribution Amount will be paid to the Noteholders on a date as reasonably determined by the Issuer in accordance with the Priority of Payments.

11.7 *After the Maturity Date*

If on any date following the Maturity Date

the Issuer, the SPV and Mintos determines in good faith that there is no realistic prospect of collecting any further funds from the Lending Company if the Issuer and/or the SPV have not received the full amount due from the Buyback Obligation or Repurchase or, if earlier, on the 10th anniversary of the Maturity Date,

as of that date (i) all the Notes outstanding will be cancelled in full, (ii) the Issuer will be deemed to have fulfilled all its payment and other obligations to each of the Noteholders and (iii) no Noteholder will have any right in respect of any of the Notes.

11.8 *Payments to the Noteholders*

Any payments of Interest and redemption amounts in respect of the Notes will be made to the relevant Investment Account.

11.9 *Taxes*

All payments and/or deliveries in respect of the Notes made by or on behalf of the Issuer will be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be withheld or deducted.

The Issuer or Mintos will:

- (a) not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Noteholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted;
- (b) not be liable for or otherwise obliged to pay, and the relevant Noteholder will be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer (or agreement to transfer), any payment and/or any delivery (or any agreement for delivery) in respect of the Notes held by such Noteholder; and
- (c) have the right but will not be obliged (unless required by law), to withhold or deduct from any amount payable or, as the case may be, any delivery due to the relevant Noteholder, such amount or portion as will be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The Noteholders will agree to provide the Issuer and/or Mintos with all information and documentation required by the Issuer and/or Mintos, as the case may be, to satisfy any Latvian or other country tax or regulatory obligations at any time.

11.10 *Payments on Business Days*

If the due date for payment of any amount in respect of any Notes is not a Business Day, the Noteholder will not be entitled to payment of the amount due until the next succeeding Business Day in such place and will not be entitled to any further interest or other payment in respect of any such delay.

12. LIMITED RECOURSE AND NON-PETITION

12.1 Notwithstanding anything in the Base Prospectus, the obligations of the Issuer in respect of the Notes are limited recourse obligations which are payable solely from the sums of principal, Interest, other return and additional amounts (if any) actually received (and identified as such) in relation to the Series Specific Loans.

12.2 All payments to be made by the Issuer in respect of the Notes will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer under the Series Specific Loans, subject always to the Priority of Payments.

12.3 In relation to any sums received or recovered, the Issuer (or Mintos on its behalf) will follow these Terms and Conditions in determining to which Series of Notes such sums relate and such determination will be binding on Noteholders of all Series in the absence of manifest error.

- 12.4 To the extent that the sums referred to in Condition 12.1 are less than the amount which the Noteholders may have expected and been entitled to receive (such difference being referred to as the **shortfall**), the shortfall will be borne by the Noteholders.
- 12.5 Each Noteholder, on subscribing or buying any Note directly, through a strategy of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:
- (a) only the sums referred to in this Condition 12, and Conditions 7 and 11 will be available for any payments to be made by the Issuer in respect of the Notes;
 - (b) the sums which are attributable to another Series of Notes are only available in satisfaction of the obligations of the Issuer to such Noteholder(c) the obligations of the Issuer to make payments in respect of the Notes will be limited to the sums and the Noteholders will have no recourse to the Issuer, Mintos or their respective shareholders, directors, officers, employees, affiliates, successors or assigns in respect of the Notes for the shortfall;
 - (d) no Noteholder is entitled to proceed against the Issuer, the SPV or Mintos for the shortfall;
 - (e) following the realisation and distribution of the net proceeds from the Loan Receivable corresponding to the Series Specific Loan in accordance with the Priority of Payments, the Noteholders or anyone acting on behalf of any of them will not be entitled to take any further steps against the Issuer or Mintos to recover any further sum and the right to receive any such further sum will be deemed as fulfilled; and
 - (f) no Noteholder will be entitled to petition or take any other step or join with any other person in bringing, instituting or joining, insolvency, winding-up, liquidation or bankruptcy proceedings (whether court-based or otherwise), or for the appointment of an examiner, liquidator or analogous person in relation to the Issuer, nor will it have any claim to, or in respect of any sum arising in respect of any assets of the Issuer.
- 12.6 Non-payment of the shortfall referred to in this Condition 12 will not constitute an Event of Default.
- 12.7 None of the shareholders of the Issuer, Mintos, the Lending Company, the Backup Servicer has any obligation to any Noteholder for payment of any amount by the Issuer in respect of the Notes.
- 12.8 The provisions of this Condition 12 will survive redemption of the Notes.

13. PURCHASE

- 13.1 The Issuer may at any time purchase Notes at any price in the open market or otherwise.
- 13.2 Any Note purchased by the Issuer on the sole discretion of the Issuer may be either cancelled or sold to any investor on behalf of the Issuer by Mintos.

14. CANCELLATION

All Notes which are redeemed or cancelled may not be re-issued or resold.

15. PRESCRIPTION

Any and all claims against the Issuer for payment in respect of the Notes will be prescribed and become void unless made within 10 years from the date on which payment in respect of the Notes first becomes due.

16. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders create and issue further Series and further tranches of existing Series of Notes. A further tranche of an existing Series will:

- (a) be fungible with the Notes of that existing Series;
- (b) have the same terms and conditions as the Notes of that Series except for the Aggregate Nominal Amount, the Issue Date, the Issue Price, the Interest Accrual Periods, the first Interest Payment Date and the first Redemption Date; and
- (c) be consolidated and form a single Series with that existing Series of Notes, and references in these Terms and Conditions to Notes will be construed accordingly.

17. EVENTS OF DEFAULT

17.1 Any of the following events will constitute an event of default under the Notes (each, an **Event of Default**):

- (a) if any order is made by any competent court or any resolution passed for the winding-up or dissolution (including any bankruptcy, insolvency, voluntary, forced or judicial liquidation, composition with creditors, a reprieve from payment, controlled management, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer (save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangements); or
- (b) formal notice is given of an appointment an administrator (including any receiver, liquidator, auditor, verifier), provisional administrator; or
- (c) any application is made, or petition is lodged, or documents are filed with the court or administrator in relation to the Issuer for the actions, proceeding or procedures specified in paragraphs (a) or (b) above, unless such proceedings or petitions are disputed in good faith and are discharged, stayed or dismissed within 90 calendar days of commencement.

17.2 The Issuer is obliged to inform Mintos immediately if any Event of Default should occur. Should Mintos not receive such information, Mintos is entitled to assume that no Event of Default exists or can be expected to occur, provided that Mintos does not have knowledge of any Event of Default. Mintos is under no obligation to make any investigations relating to any Event of Default. The Issuer will, at the request of Mintos, provide Mintos with details of any Event of Default and provide Mintos with all documents that may be of significance for the application of this Condition 17.

17.3 If Mintos has been notified by the Issuer or has otherwise determined that there is an Event of Default, Mintos will, within 20 Business Days of the day of notification or determination, notify the Noteholders according to Condition 20.

- 17.4 Upon the occurrence of an Event of Default, Notes are repaid according to the terms and conditions stipulated by this Base Prospectus and relevant Series Final Terms, unless otherwise required by a rule of the law.
- 17.5 Mintos, subject to the Noteholders indemnifying and holding Mintos harmless from any reasonable expenses, loss or liability, will take every reasonable measure necessary to recover the amounts outstanding under the Notes according to their terms and conditions and Transaction Documents. Mintos will in each case inform the Noteholders about the costs which should be compensated prior to requesting any indemnification. In any case Mintos will charge this compensation of costs only up to the recovered amount. Mintos will not ask for compensation of costs for its in-house staff and resources.
- 17.6 For the avoidance of doubt, if any payment is not made by the Issuer because the Issuer has not received the relevant amounts under the Series Specific Loans so that the Available Distribution Amount after application of the Priority of Payments is not enough to make payments due under the Notes in full, the occurrence of such event will, as such, not constitute an Event of Default.

18. MEETING OF NOTEHOLDERS

18.1 *General provisions*

The Issuer from time to time may convene a meeting of the Noteholders (the **Noteholders Meeting**) to adopt resolutions on certain matters. The Issuer at its own discretion decides which matters will be reserved for passing at the Noteholders Meeting.

These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the Noteholders Meeting or in respect of the relevant resolution and Noteholders who voted in a manner contrary to the majority. As a result, Noteholders may be bound by a change to these Terms and Conditions or by some other decision that affects Noteholders' investment in the Notes even though they have not agreed to such change.

The Noteholders Meeting may adopt its resolutions in one of the two forms as chosen by the Issuer:

- (a) at a meeting held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote using ballots provided; or
- (b) by absentee voting (without attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote).

The Noteholders Meeting will be chaired, and minutes taken by a representative of Mintos.

18.2 *Resolutions of the Noteholders Meeting*

Matters put to the vote at a Noteholders Meeting and its agenda will be decided by the Issuer.

The Noteholders may neither pass resolutions on the matters not included in its agenda nor amend the agenda.

Resolutions passed by the Noteholders Meeting and voting results will be provided to the persons eligible to participate in the Noteholders Meeting in a report, which will be disclosed to the Noteholders as per the procedure prescribed with regard to sending notices of the Noteholders Meeting, within 5 Business Days after the closing date of the meeting or the final

date for submitting the voting ballots in case of absentee voting. However, the failure to do so will not invalidate the resolution.

The resolution will be binding on all the Noteholders, whether or not present at the Noteholders Meeting and each of them will be bound to give effect to it accordingly.

18.3 *Information on holding a Noteholders Meeting*

The Issuer will notify the Noteholders about the Noteholders Meeting in accordance with the procedure below.

A notice of the Noteholders Meeting (the **Notice**) will be given according to Condition 20 no later than 10 days in advance.

The Notice will be given to the Noteholders registered on the date of the Notice in the electronic register of Noteholders maintained by Mintos.

The Issuer may decide not to publish the Notice on the Platform. In such a case within the time specified in this Condition 18.3 the Issuer will send the Notice to the Noteholders by email.

The Issuer may at its own discretion make available information to the Noteholders entitled to participate in the Noteholders Meeting as part of preparations for the Noteholders Meeting.

18.4 *Quorum at a Noteholders Meeting*

A Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 50% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

The number of votes for each Noteholder equals the Principal Amount Outstanding in the respective Series on the date of the Notice.

When a Noteholders Meeting is held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote, the Noteholders registered to participate in the Noteholders Meeting and the Noteholders whose ballots have been received no later than 2 days before the meeting will be deemed to have participated in the meeting.

When a Noteholders Meeting is held in the form of absentee voting, the Noteholders whose ballots have been received before the final date for submitting the ballots will be deemed to have participated in the meeting.

Where there is no quorum for a Noteholders Meeting, a second Noteholders Meeting will be held with the same agenda. Such second Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 30% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or

- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

Subject to the quorum being present, the decisions on the Noteholders Meeting agenda will be adopted per each item of the agenda by the majority from the total amount of votes provided.

18.5 *Voting ballots*

Ballots for voting at a Noteholders Meeting will be sent together with the Notice according to Condition 18.3.

Ballots for voting will be in the English language.

Voting could be convened as an e-voting through filling-out an electronic voting ballot through the interface of the Platform.

Noteholders included in the list of those entitled to participate in the Noteholders Meeting other than the Noteholders Meeting held in the form of absentee voting, or their representatives, may register to participate or forward their completed ballots to the Issuer. Voting ballots will be counted towards the calculation of the quorum and voting results if received by the company no later than 2 days before the Noteholders Meeting.

The voting ballot will contain the information about the Noteholders Meeting including but not limited to:

- information about the Issuer, including address and contact person;
- details identifying the Series of Notes;
- form of the Noteholders Meeting (attendance or by absentee voting);
- date, place and time of the Noteholders Meeting if it is held in the form of attendance of the Noteholders;
- Principal Amount Outstanding; and
- voting options for each item on the agenda, expressed as “for”, “against”, or “abstained”, and the indication that the voting ballot must be signed by a person entitled to participate in the Noteholders Meeting or its representative unless convened by e-voting.

When voting by ballots, only those voting ballots are counted where for each item only one voting option is selected. The voting ballots completed in breach of the aforementioned requirement will be deemed invalid. However, if there are several items put to the vote on the voting ballot, breach of the aforementioned requirement with respect to one or several items will not affect the validity of the remaining ballot. If a voting ballot is rendered invalid with respect to voting on one, several or all items included in such ballot, the votes so cast in such ballot will not be excluded from the calculation of the quorum. If a voting ballot is rendered invalid, the votes on the items contained in the voting ballot will not be counted.

18.6 *Counting*

The counting functions will be performed by Mintos, which will check the powers of, and register the participants in a Noteholders Meeting, determine the quorum at a Noteholders Meeting,

count the votes and determine the voting results, draw up the voting minutes and hand over the voting ballots to the archive.

19. SUBSTITUTION

- 19.1 The Issuer or any previous substitute company may be substituted by any other company as principal obligor under all of the Notes then outstanding provided that such substitution would not be materially prejudicial to the interests of the Noteholders and subject to the other Terms and Conditions being complied with, including with provisions of the Transaction Documents, and further provided that the Financial and Capital Market Commission has given its prior consent to such substitution if any needed according to the applicable law.
- 19.2 By subscribing to, or otherwise acquiring, the Notes, the Noteholders expressly consent to the substitution of the Issuer and to the release of the Issuer from any and all obligations in respect of the Notes and any relevant agreements and are expressly deemed to have accepted such substitution and the consequences of such substitution.
- 19.3 Any such substitution will be notified to Noteholders in accordance with Condition 20.

20. NOTICES AND PROVISION OF INFORMATION

- 20.1 Notices to the Noteholders will be given upon sole discretion of the Issuer in the English language and/or any other language the Issuer deems fit for such purposes and will be given by using one or several communication channels:
- (a) emailed to respective email addresses in the register of Noteholders and deemed to have been given within 24 hours after the dispatch; and
 - (b) delivered to Mintos for further communication to the Noteholder according to the services provision agreement between Mintos and the Noteholder (including times when deemed to have been duly given).
- 20.2 Any notices, demands, claims or other communication to the Issuer by any Noteholder will be in the English language and will be given by using one of the following communication channels:
- (a) delivered by hand or courier and deemed to have been given on the same day of delivery; and
 - (b) delivered by registered mail and deemed to have been given on the 10th calendar day following the date indicated on the stamp by the postal service provider on the acceptance of a registered letter.
- 20.3. For the purposes of Condition 20.2 notices or other communications addressed to the Issuer will be given to Mintos, serving as an agent for this purpose:
- AS Mintos Marketplace
50 Skanstes Street, Riga, LV-1013, Latvia
For the attention of SIA Mintos Finance No.40

21. AGENTS

- 21.1 Mintos acts solely as an agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, any Noteholder.

- 21.2 The Issuer subject to the provisions of the Transaction Documents reserves the right at any time to vary or terminate the appointment of Mintos, the Lending Company and any other party to any of the Transaction Documents.

22. FORCE MAJEURE

Neither the Issuer nor Mintos will be responsible for any failure to perform any of its respective obligations under these Terms and Conditions which is due to any reason that is independent of that person's will and has resulted from a *force majeure* event. A *force majeure* event will apply only and solely if that person has taken all steps that depend on it in order to perform the obligation. Once the *force majeure* event has finished, that person must immediately resume the performance of the obligation. The following circumstances will be considered as *force majeure* events:

- (a) extraordinary and unavoidable circumstances including natural disasters, fire, flood, earthquake, warfare, terror acts, riots and strikes;
- (b) technical failures, delays or malfunctions; failure of computers, communications systems, hardware and/or software; power supply malfunctions; or other critical infrastructure malfunctions, which neither the Issuer nor Mintos could have prevented or predicted;
- (c) decisions and/or activities of local and/or foreign public authorities, and/or international organisations;
- (d) entry into force, amendments and/or suspension of a statutory act binding on either the issuer or Mintos affecting the performance of obligations under these Terms and Conditions; and
- (e) any circumstance defined as a *force majeure* circumstance in any of the Transaction Documents.

23. GOVERNING LAW AND JURISDICTION

- 23.1 The Notes (and any non-contractual obligations arising out of or in connection with the Notes) are governed by, and will be construed in accordance with the law of the Republic of Latvia.
- 23.2 The courts of the Republic of Latvia are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including any disputes relating to any non-contractual obligations arising out of or in connection with the Notes) and accordingly any legal action or proceedings arising out of or in conjunction with the Notes may be brought in such courts. The Issuer and each of the Noteholders irrevocably submits to the jurisdiction of such courts.

24. AMENDMENTS AND MODIFICATIONS

To comply with any applicable law, the Issuer may validly amend or supplement these Terms and Conditions by publishing the changed Terms and Conditions on the Platform without the consent of the Noteholders.

25. LIMITATION OF LIABILITY, AND REPRESENTATION AND WARRANTIES OF THE NOTEHOLDER

- 25.1 Notwithstanding anything in the Base Prospectus, other than with respect to gross negligence

or wilful misconduct by the Issuer and/or Mintos, neither the Issuer nor Mintos will be held liable by any Noteholder for:

- (a) any material error, misrepresentation, omission or fraud by the Lending Company;
- (b) failure of the Lending Company for whatever reason to inform the Issuer and/or Mintos of the Payment Event having occurred or for the information being inaccurate or wrong;
- (c) the Loan Receivables; or
- (d) determinations and decisions when distributing amounts under the Notes, including, when applying the Priority of Payments, deciding whether to defer payment or make a partial payment, relying upon or deciding if and when there is no realistic prospect of collecting further funds under a Series Specific Loan, including in the event of default of the Lending Company.

25.2 In any and all cases liability of the Issuer and/or Mintos to any Noteholder under these Terms and Conditions will be limited to the amount invested in the impacted Notes by the Noteholder.

25.3 Each Noteholder, on subscribing or buying any Note directly, through a strategy of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:

- (a) the Issuer and Mintos do not make any representation or warranty in respect of, or will not at any time have any responsibility for, or, save as otherwise expressly provided in these Terms and Conditions, liability or obligation in respect of the performance and observance by any Borrower of its obligations under the relevant Series Specific Loan, the Lending Company of its obligations under the Cooperation Agreement, and/or by the pledgor (if any) of its obligations under the pledge agreement, or the recoverability of any sum of the principal, Interest, other return or any additional amounts (if any) due or to become due from any Borrower, the Lending Company, and/or the pledgor (if any);
- (b) the Issuer and Mintos will not at any time have any responsibility for, or obligation or liability in respect of, the condition, financial or otherwise, covenant, creditworthiness, affairs, status or nature of any Borrower, the Lending Company, , the pledgor (if any) or any other person;
- (c) the Issuer and Mintos will not at any time be liable for any representation or warranty, or any act, default or omission of any Borrower, the Lending Company, the pledgor (if any) or other person;
- (d) the Issuer will not at any time have any responsibility for, or liability or obligation in respect of, the performance and observance by Mintos of its obligations under the Transaction Documents or any other agreement entered or to be entered into by and between the Noteholders and Mintos;
- (e) financial servicing and performance of the terms of the Notes depend upon both the performance by each Borrower of its obligations under the Series Specific Loan, its duties to make payments under the Series Specific Loan and its credit and financial standing, and the performance by the Lending Company, the Guarantor (if any) and/or the pledgor (if any) of their respective contractual obligations towards the Issuer and Mintos as well as their respective credit and financial standing;
- (f) the Notes, which the Noteholder has or will acquire, reflect the performance of the

relevant Series Specific Loans. The Noteholder has no direct recourse to any of the Series Specific Loans or the corresponding Loan Receivables. Once the Loan Receivables have been realised according to these Terms and Conditions, the Noteholder is not entitled to take any further steps against the Issuer or Mintos to recover any further sums due and the right to receive any such sum will be extinguished. The Noteholder accepts not to attach or otherwise seize any of the assets of the Issuer. In particular, the Noteholder will not be entitled to petition or take any step for the winding-up, the liquidation or the bankruptcy of the Issuer or any similar insolvency-related proceedings and such petition or action will be treated as null and void as from its initiation time; and

- (g) the Investment Accounts will be opened and held by the Noteholder fully operational with Mintos while the Noteholder holds any Notes.

13. TAXATION

The information provided in this section will not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances. The following is a general summary of certain tax considerations in the Republic of Latvia in relation to the Notes. It is not exhaustive and does not purport to be a complete analysis of all tax consequences relating to the Notes, as well as does not take into account or discuss the tax implications of any country other than the Republic of Latvia.

Tax laws of the Noteholder's country of residence for taxation purposes and of the Issuer's country of residence may have an impact on the income received from the Notes.

This summary is based on the laws of Latvia as in force on the date of this Base Prospectus and is subject to any change in the law that may take effect after such date, provided that such changes could apply also retroactively.

Latvia has entered into a number of tax conventions on elimination of double taxation (hereinafter - DTT), which may provide a more favourable taxation regime. Therefore, if there is a valid DTT between Latvia and the country of tax residence of a prospective Noteholder, it should be also examined. The procedures for application of tax conventions are provided in the Republic of Latvia Cabinet of Ministers' Regulations No. 178 "Procedures for Application of Tax Relief Determined in International Agreements for Prevention of Double Taxation and Tax Evasion", adopted on 30 April 2001.

Taxation of the Issuer

Issuer is a corporate income taxpayer in Latvia. According to the Latvian tax law, the annual profit earned by entities in Latvia is not taxed. Instead, corporate income tax is paid on dividends, fringe benefits, gifts, donations, representation costs, non-business related disbursements and transfer pricing adjustments. The tax rate applicable is 20%, however, the taxable base is divided by the coefficient 0.8, thus the effective Corporate income tax rate is 25%.

Taxation of the Noteholders individuals

Resident individuals

An individual will be considered as a resident of Latvia for taxation purposes, if at least one of the following requirements is met:

- the declared place of residence of this person is in Latvia;
- the person stays in Latvia for at least 183 days over the course of a period of 12 consecutive calendar months;
- the person is a Latvian citizen who is employed by the government of Latvia in a foreign country.

In accordance with the Latvian tax laws the interest income received by the individual tax resident in Latvia is subject to tax at the rate of 20%. The interest income from the Notes for resident individuals will be subject to 20 % personal income tax that will be withheld by the Issuer before the Interest payment is made by the Issuer to the Noteholder. The tax withheld by the Issuer is a final tax liability on the interest income received.

The income from the sale of the Notes is treated as an income similar to the interest income for the Latvian personal income tax purposes and will be subject to 20% personal income tax and the tax is payable by the individual him/herself.

Non-resident individuals

An individual would be considered as a non-resident of Latvia for taxation purposes in all cases unless he/she is a tax resident of Latvia. Interest income from the Notes received by the non-resident individual will be subject to personal income tax in Latvia according to the rate set forth by law, which is currently 20%. According to the general practice, the tax withheld in Latvia might be deducted from the tax payable by the investor in his/her residence country (as tax paid abroad). However, we recommend consulting with the respective country's tax administration or tax adviser to clarify the procedure and documents required to perform such a deduction (if any).

The tax rate might be reduced based on the Double Tax Treaty between Latvia and the respective country. The list of the Double Tax Treaties concluded by Latvia is available here:

https://www.vid.gov.lv/sites/default/files/tax_treaties_28032018.pdf

The income from the sale of the Notes will be subject to 20% tax and the tax would be payable by the individual him/herself if the buyer of the Notes is an individual or legal entity non-resident of Latvia. If the buyer is a legal entity - resident of Latvia, the tax at the rate of 3% will be withheld by the buyer.

Taxation of the Noteholders legal entities

Resident legal entities

A legal entity would be considered as a resident of Latvia for tax purposes if it is established pursuant to Latvian law. Interest payments on the Notes and proceeds from the disposal of the Notes received by Latvian resident legal entities will not be subject to withholding tax in Latvia. Under the Latvian tax law retained earnings are exempt from corporate income tax and only profit distributions are taxed. Distributed gross profits are subject to the 20% profit tax. Corporate income tax on net amount of profit distribution is determined by dividing net amount with a coefficient of 0.8 (i.e., effective tax rate on net distributed profit is 25%).

Non-resident legal entities

A legal entity would be considered as a non-resident of Latvia for taxation purposes in all cases unless it is a tax resident of Latvia. The interest income and capital gains from the sale of the Notes for non-resident legal entities will not be taxable in Latvia (i.e., gross income will be paid), except if the income recipient is located, registered or incorporated in a no-tax or low-tax country (so called "tax havens"; if this is the case - 20% tax will be withheld by the Issuer in Latvia). The list of "tax havens" according to the Latvian law includes US Guam, US Samoa, US Virgin Islands, Republic of Fiji, Republic of Palau, Republic of Panama, Independent State of Samoa, Republic of Trinidad and Tobago, Republic of Vanuatu. The list of mentioned countries and territories may be amended from time to time.
